Brief, Tragic, Awe-Inspiring, Letter of  
Resignation is Read.

Leader Under Whom Mexico Has Known Thirty  
Years of Progress Bows to Will of People and Sur-  
renders High Office, Expressing Hope That When  
Passions Cool Sober Justice Will Recognize Services.

(ASSOCIATED PRESS NIGHT REPORT.)

MEXICO CITY, May 25.—Mexico changed Presidents today without  
any of those demonstrations of anarchy of which the Diaz govern-  
ment had expressed apprehension.

The people have accepted De la Barra as their provisional Presi-  
dent with every indication that they will stand back of him until an  
election can be held. If the unanimous sentiment here tonight holds  
good, that election will place Francisco I. Madero in the Presidential  
chair.

The resignation of Diaz and his Cabinet marks the complete tri-  
umph of the revolution.

Marked improvement was shown today in Gen. Diaz's health, ac-  
cording to an official statement tonight.

MEXICO CITY, May 25.—Porfirio Diaz, eight times President of the Re-  
public of Mexico, resigned that office today.

Francisco Leon De la Barra, late Ambassador to Washington, was  
chosen Provisional President. He will take office tomorrow.

Ramon Corral, Vice-President of the Republic, now in France, also re-  
signed, his letter being read to the Chamber of Deputies, as was that of Diaz  
who is ill of fever.

The resignation was in no way according to plans. It was a day late,  
and instead of the formal appearance of the aged President, accompanied by  
his glittering body guard, came only his letter, brief, tragic and striking a  
sort of awe into the listeners. Its reading was followed by dead silence, but  
in the thronged streets, the crowds were bolstered at the news that Diaz  
was no more President.

The moment of the acceptance of the resignation was 4:54 o'clock.

#### PRESIDENT DIAZ'S LETTER.

President Diaz's letter of resignation was as follows:

"Gentlemen: The Mexican people who generously have covered me with honors,  
who proclaimed me as their leader during a war, who patriotically assisted  
me in work undertaken to develop industry and the commerce of the republic,  
establish its credit, gain for it the respect of the world and obtain for it an  
honorable position in the concert of nations; that same people, sirs, has  
revolted in armed military bands, stating that my presence in the exercise of  
supreme executive power is the cause of this insurrection.

"I do not know of any fact immediately imputable to me, which could have  
caused this social phenomenon; but, permitting, though not admitting, that  
I may be unwittingly culpable, such a possibility makes me the least able to  
reason out and decide my own culpability.

#### BOWS TO POPULAR VOICE.

"Therefore, respecting, as I have always respected, the will of the people  
and in accordance with article 82 of the Federal Constitution, I come before  
the supreme representatives of the nation in order to resign, unreservedly,  
the office of Constitutional President of the Republic, with which the nation  
voted me, which I do with all the more reason since, in order to con-  
tinue in office, it would be necessary to shed Mexican blood, endangering the  
credit of the country, dissipating its wealth, exhausting its resources and  
exposing its policy to international complications.

#### HOPES FOR JUSTICE.

"I hope, gentlemen, that when the passions, which are inherent to all  
revolutions, have been calmed, a more conscientious and just study will bring  
out in the national mind a correct acknowledgment, which, when I die, I  
may carry engraved in my soul as a just estimate of the life which I have  
devoted and will devote to my countrymen. With all respect,

"PORFIRIO DIAZ."

The letter was produced by Deputy Jose Aspe, whose praise of the gen-  
eral-President brought forth applause that drowned his voice. The Deputy ad-  
mitted that Gen. Diaz had been called to account for his errors by a people who  
had progressed faster than the author of their progress had realized, but he  
declared the good that Gen. Diaz had done would live forever in history and  
outweigh his mistakes.

The applause following the peroration shook the building.

#### CORRAL'S RESIGNATION.

The following letter of resignation from Vice-President Corral was then  
read:

"On the two occasions that the national convention advanced my candi-  
dacy as Vice-President of the republic, to figure in the elections with Gen.  
Diaz as President, I stated that I was prepared to occupy any office in which  
compatriots considered that I would be of use, and that if the public vote con-  
firmed upon me a position so far above my merits, then my intention would  
be to second in all respects Gen. Diaz's policy, in order to co-operate with him,  
as far as it lay in my power, toward the aggrandizement of the nation, which  
had developed so notably under his administration.

"Those who concern themselves with public affairs and have observed  
their progress during the last few years will be able to say whether I have  
complied with my intention.

"For my part, I can say that I have never endeavored to bring about the  
least obstacle either in the President's policy or his manner of carrying it  
out even at the cost of sacrificing my convictions, both because this was the  
basis of my programme and because this corresponded to my position and  
my loyalty, as well as that I did not seek any prestige in the office of Vice-  
President, so useful in the United States and so discredited in Latin countries.

"In the events which have shaken the country during these latter months,  
the President has been brought to consider that it is patriotic to resign from  
the high office that the almost unanimous vote of Mexicans had conferred upon  
him in the last election, and that it is advisable at the same time, in the in-  
terest of the country, that the Vice-President do likewise, so that new men  
and new energies should continue forwarding the prosperity of the nation.

#### GIVES UP OFFICE.

"Following my programme of seconding Gen. Diaz's policy, I join my resig-  
nation with his and in the present note I retire from the office of Vice-Presi-  
dent of the republic, begging the chamber to accept the same at the same  
time as that of the President.

"I beg of you gentlemen to inform yourselves of the above, which I submit  
with the protests of my highest consideration.

"Liberty and Constitution, Paris, May 4, 1911.

(Signed) "RAMON CORRAL."

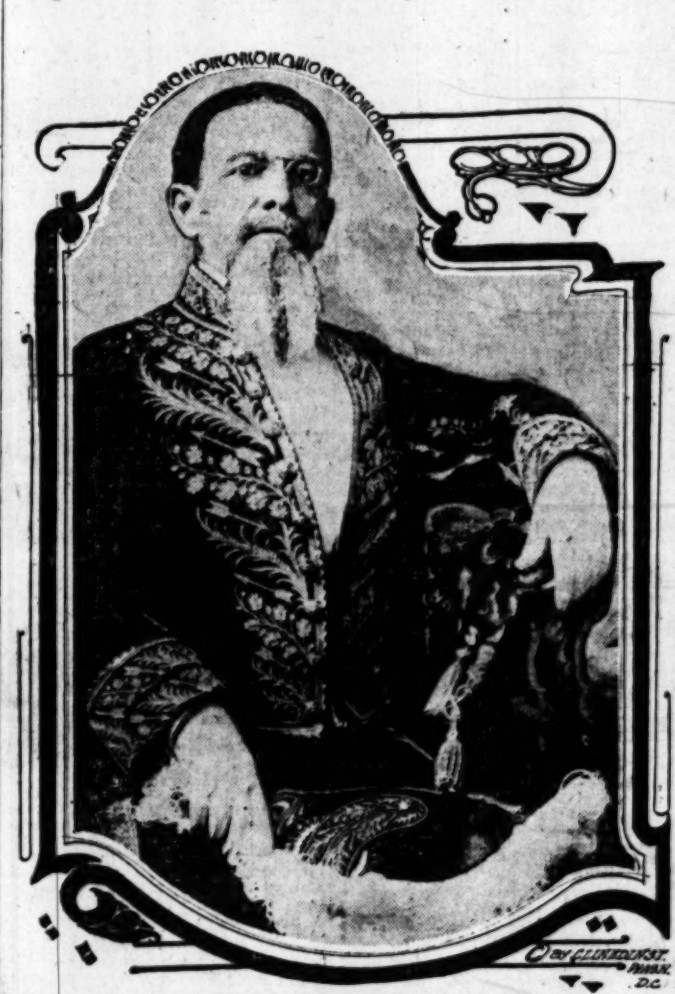

After its acceptance came the selection of De la Barra as provisional Presi-  
dent. Then a long address on the constitutional points involved in the change  
of government was delivered by Deputy Melgarejo.

### Caught Unawares. TROPICAL HEAT AGAIN PREVAILS.

INHABITANTS OF THE MIDDLE  
WEST ARE SWEATING.

Highest May Temperature of a  
Decade is Reached in Chicago  
Where the Bubbling Mercury  
Went as High as Ninety-four—No  
Relief in Sight.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, May 25.—[Exclusive  
Dispatch.] Chicago, which had a se-  
vere dose of unusually hot weather  
last week and a brief respite follow-  
ing heavy rains, today sweltered un-  
der a new heat record of 94, which  
was attained at 3 o'clock in the af-  
ternoon. At midnight the temperature  
had fallen eleven degrees, but the  
forecasters said there was no rain  
for other permanent relief. In sight  
this is the highest point reached  
during May for a decade. The pre-  
vious mark for the year was just  
set a week ago, when 91.6 was  
reached.

Mrs. Hershaw, who has charge of  
the Weather Bureau here during the  
absence of Prof. Cox, said the rainy  
hope lay in a storm area now cov-  
ering the Northwest moving toward  
the Great Lakes.

The sudden change today caught  
the public unawares. The morning  
had been temperate, but at noon the  
mercury began to slide and the rise  
from that point was rapid. By 2 o'clock  
the downtown district de-  
fied their offices and stores and fled  
to the bathing beaches and summer  
gardens. By 3 o'clock the parks  
were crowded with suffering humani-  
ties and the city, county and chari-  
table organizations made prepara-  
tions for tomorrow's hard work when  
the severe effects of today's heat will  
be more apparent. No deaths of  
prostrations had been reported up  
to midnight.

Along the Atlantic coast there  
were fitful rains and cold weather.  
In the region between Chicago and  
New York, unusual heat conditions  
prevailed. Intense heat is reported  
over the Middle West and South-  
west. The recent heavy rains, which  
were fairly general, replenished the  
wells and revived pastures so that  
the country at large is well equipped  
to withstand severe hot weather.

#### POPULATION GROWS.

Greater London Also Shows a Big  
Increase in Ten Years, According  
to the Census Report.

(ASSOCIATED PRESS DAY REPORT.)  
LONDON, May 25.—Provisional  
figures returned by the census of oc-  
casion the population of England and  
Wales this year as 36,075,266, com-  
pared with 32,527,845 in 1901. With  
most of the cities and counties show-  
ing an increase, there are many coun-  
ties, particularly in Wales, where there  
has been an actual decrease.

Greater London's population has  
increased to 7,252,963 from 6,551,402  
in 1901. This increase is entirely in  
fact, many of the old metropolitan  
boroughs and the city of London  
proper have lost their population to  
the suburbs.

The county of London, including  
the city of London and the boroughs  
immediately above it, shows a de-  
crease from 4,536,267 in 1901 to  
4,622,961 in 1911.

Justice Against Oil  
Decision.

He Quotes Judge, Now Presi-  
dent, Taft to Prove Point  
in Opinion.

Says All Restraint Is Illegal;  
That Only Congress Can  
Change Law.

Predicts Injurious Confusion  
and Harassing Litigation  
Will Ensnare.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, May 25.—Still as  
opposed to the major opinion of the  
Supreme Court of the United  
States in the Standard Oil case as he  
was on the day that opinion was an-  
nounced, Associate Justice Harlan to-  
day filed in court his formal dissen-  
ting opinion in that suit.

His oral attack on the court for  
holding that only unreasonable or un-  
due restraints of interstate commerce  
are violations of the law, furnished the  
outline for today's broadside.

He went further, however, and criti-  
cized the court for modifying the de-  
cree of the lower court so as to per-  
mit the subsidiary companies to enter  
into agreements among themselves,  
and expressed a conviction that in-  
stead of the opinion giving quiet to the  
business of the country, it would throw  
it into confusion and incite widely ex-  
tended and harassing litigation, the  
injurious effects of which will be felt  
for many years to come.

#### QUOTES JUDGE TAFT.

Ever since the case was decided, on  
May 15, Justice Harlan has been pre-  
paring his dissenting opinion and it  
was not completed until today. One of  
the last changes made, it is said, was  
to insert a quotation from the decision  
of Judge (now President) Taft in the  
Atchafalaya case, in which Judge  
Taft said that, according to the de-  
cision of the Supreme Court of the  
United States, all restraints, whether  
reasonable or unreasonable, under the  
common law, were forbidden by the  
statute.

Justice Harlan brands as "mischiev-  
ous" the modification made by the  
court in the decree of the lower court  
permitting subsidiary corporations of  
the combined oil to make "normal and  
lawful agreements" among themselves.  
Chief Justice White had characterized  
this modification as a "minor matter."  
In a decision on what he termed a  
"mischievous modification," Justice  
Harlan quotes the Chief Justice as  
saying that "it does not necessarily  
follow that because an illegal restraint  
of trade or an attempt to monopolize  
or a monopolization resulted from the  
combination, and the transfer of the  
stocks of the subsidiary corporations to  
the New Jersey corporation."

#### "UNWISE" INFORMATION.

"Taking this language in con-  
nection with other parts of the opinion,"  
says Justice Harlan, "the subsidiary  
companies are thus, in effect informed  
—unwisely, I think—that although  
the New Jersey corporation, being an  
illegal combination, must go out of  
existence, they may join in an agree-  
ment to restrain commerce against  
the States, if such restraint be not  
'undue.'"

As in his oral remarks, Justice Har-  
lan devotes himself largely to criti-  
cism of the court for holding that not  
every restraint of trade violates the  
law. He reiterates that the court re-  
versed its former rulings in the trans-  
mission freight and joint traffic asso-  
ciation cases.

"Judge Taft said," continued Jus-  
tice Harlan, "that according to the  
decision of this court in the freight  
association case contracts in re-  
straint of interstate transportation  
were within the statute whether the  
restraint could be regarded as rea-  
sonable in common law or not."

"On reading the opinion I just de-  
livered," Justice Harlan adds, "the  
first inquiry would be that as the  
court is unanimous in holding that  
the particular things done by the  
Standard Oil Company and its sub-  
sidiaries in this case were illegal un-  
der the anti-trust act whether those  
things were in reasonable or unrea-  
sonable restraint of interstate com-  
merce was it necessary to make  
the restraint unreasonable, was not in  
the opinion, to show that according  
to the 'rule of reason' the act  
was unreasonable, was not in the  
opinion, to show that according to  
the 'rule of reason' the act was un-  
reasonable or the word 'undue.'"

"The only answer, which in my  
opinion, can be given to this question,  
is that the court intends to decide  
that its deliberate judgment, fifteen  
years ago, to the effect that the re-  
straint of interstate commerce was  
permitted no restraint whatever of  
interstate commerce, whether reason-  
able or unreasonable, was not in ac-  
cordance with the 'rule of reason.'  
In effect the court says that it will  
now, for the first time, bring the dis-

[ASSOCIATED PRESS DAY REPORT.]

SACRAMENTO, May 25.—Thomas  
B. Walker, the Minneapolis timber  
king, who owns many thousands of  
acres of timber land in Superior, Cal., and  
Oregon, won before the State Sup-  
reme Court upon his appeal in the  
case of Mollie Conklin vs. John A.  
Benson, et al. Thomas B. Walker  
and C. L. Hovey. In the Superior  
Court of Mendocino county the plaintiff  
secured judgment against Walker  
and the others in her action concern-  
ing 200 acres of timber land in that  
county. Her petition was for judg-  
ment to declare that a certain dead  
and power of attorney held by  
Walker were void. She claimed that  
fraud had been practiced upon her  
in that she was persuaded to sign  
papers other than those which she  
thought she was signing. These  
papers conveyed her interest in the  
land to Walker, but, according to  
her, she did not receive the amount  
of money to which she was entitled.  
Walker appealed to the Supreme  
Court from the judgment, and also  
from the order denying a new trial.  
The opinion was written by Justice  
Angelotti and the other members of  
the court concurred. In the opinion  
Angelotti holds that fraud and con-  
spiracy as charged by the plaintiff  
were not proven, and also that the  
evidence establishes the right of  
Walker to prevail in the action.

Handsome Young Spaniard Comes  
Cropper at Reno in Rather Mys-  
terious Manner.

[BY DIRECT WIRE TO THE TIMES.]

RENO, May 25.—[Exclusive Dis-  
patch.] A young Spaniard, a handsome  
gentleman who came to this city  
some months ago with pockets filled  
with money and credentials of the  
highest sort, and who, it was claimed,  
was a Spanish Consul, has had his  
entire fortune, amounting to \$40,000,  
stolen by a trusted agent in Mexico  
City, whom he commissioned to sell  
his property in order that he might  
enter into another business in Reno.  
This is the story by his partner, W.  
E. Heine Amigo, who returned today  
from Mexico, where he left Arlas.  
When Arlas arrived in Reno he  
stopped at the best hotel, created  
an air of mystery, and formed a part-  
nership with Amigo. Within the off-  
ices were opened champagne flowed  
like water and the quarters in the  
Majestic Theater building were richly  
furnished.Now the offices are closed and Amigo  
asserts that somewhere on the coast  
the business representative of Arlas  
is feeling to unknown ports. In the  
meantime, Arlas is endeavoring to  
recuperate his lost fortune in Mexico  
among influential friends.The arrest of Amigo was made  
when the booth was crowded with  
applicants, who were waiting to reg-  
ister and much excitement was caused  
by the announcement that the young  
man had been detected.Flanders, declaring he had only  
given the men car fare, was released  
on bonds."The corrupt practices act, covers  
this case," said County Clerk Fields,  
"and we shall see that Flanders is  
prosecuted."

ORDERS BAIL FOR FLEMING.

INDICTED ON MURDER CHARGE.

[ASSOCIATED PRESS DAY REPORT.]

SACRAMENTO, May 25.—The Dis-  
trict Court of Appeals today issued  
an order in the case of the applica-  
tion of Daniel Fleming denying his  
petition to be discharged and order-  
ing that the prisoner be admitted to  
bail in the sum of \$25,000, with the  
approval of the Superior Court of  
Shasta county. Fleming was charged  
on an indictment with the murder of  
Joseph V. Aller. It is alleged that  
Fleming, who was a railroad police-  
man, beat Aller to death while the  
latter was stealing a ride on top of a  
train between Krumet and Redding.  
Fleming endeavored to get released  
on bond, but the Superior Court of  
Shasta county denied his application.  
He again entered the petition in the  
District Court of Appeals for a writ  
of habeas corpus.

FIELD ARTILLERY TO PREPARE  
STATE FOR WAR POSSIBILITIES.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, May 25.—[Exclu-  
sive Dispatch.] Adj.-Gen. E. A.  
Forbes announced today that the  
first battery of field artillery consist-  
ing of 121 men, four three-inch field  
guns and twelve caissons, will be mu-  
stered in at Los Angeles next Monday  
morning. Gen. Forbes will go to Los  
Angeles to be present at the mustering-  
in ceremony, and as soon as possi-  
ble thereafter, he will issue orders  
to the field battery officers to go to  
Fort Riley, Kan., for instructions at  
the school at that place conducted by  
the United States War Department.  
The officers will remain at Fort Riley  
receiving instructions in the handling  
of a field battery.The battery will be the first modern field  
battery organized in the State of Cal-  
ifornia and will be a great adjunct to  
the State National Guard. The bat-  
tery will elect officers when the mu-  
stering in ceremony are over, and  
commissions will be issued to the  
leaders by the State.Adj.-Gen. Forbes intends to have  
other field batteries organized, as well  
as machine-gun companies. He is  
aiming to make the guard an effective  
organization, one capable of taking  
care of the State in the event of for-  
eign attack. The infantry, so Gen.  
Forbes contends, is helpless against  
field batteries and rapid-fire  
guns of an invading force. The only  
way to meet an enemy, he says, is to  
have as good equipment as the enemy.  
The Los Angeles organization will  
be known as Battery A, Field Artillery  
National Guard.BOMBARDED  
BY METEORS.Vulcan Hurls Five of Them  
Against a Mountain.Inhabitants of Doyle Scared  
by Dazzling Light.California Folk Feared End  
of World at Hand.

[BY DIRECT WIRE TO THE TIMES.]

DOYLE (Cal.) May 25.—[Exclu-  
sive Dispatch.] Starting by an illu-  
mination nearly equalling daylight,  
from five incandescent meteors whiz-  
ing by in quick succession, and ter-  
rorized by their thunderous crash  
against Tule Peak, thirty miles dis-  
tant, the inhabitants of Doyle, a sta-  
tion on the Nevada, California and  
Oregon Railway, feared for a time  
shortly after midnight yesterday that  
the end of the world was coming.The first meteor was the largest  
and the other four strung along with-  
in ten minutes. The crash of the  
meteors was heard by the depot  
trembled on its foundations. Many  
inhabitants were almost shaken from  
their beds.

AFTER MIDNIGHT.

Brown says that at 12:40 a.m. he  
noticed the bright light, and looking  
out, saw the first meteor in transit.  
"It came out from the west," he  
said, "and was about as big as a bay  
onet. It was followed by four smaller  
meteors as big as bay onets. All of  
them illuminated the place so that  
one might read a newspaper."The meteors were traveling on a  
trajectory that indicated they were  
on their last legs, and though they  
seemed to be going nearly  
due east and just cleared Fort Sage  
Mountain, ten miles away, an appar-  
entation of 4000 feet by appar-  
ently 300 yards. They went on and  
hit against the side of the mountain  
about 300 yards.

HIT THE MOUNTAIN.

"As each meteor hit and buried  
itself in the mountain there was a  
terrible crash with lightning-like flash-  
ing, and a loud boom, like a pinwheel.  
The noise was heard for miles around."  
"As they went through, the mete-  
ors gave out a terrific sizzling sound,  
which woke the people up with the  
light. The noise of the crash made  
them believe the world had  
come to an end."Loylation also reports seeing the  
lighting and hearing the noise. There  
were telephoned over to inquire  
about what they thought was a great  
congregation. It is believed that the  
mountain where the meteors lodged  
must be Tule Peak, only thirty miles  
distant from Doyle, with 4000-foot  
elevation, and in direct line with Fort  
Sage Mountain. Beyond Tule Peak is  
the Virginia range, on the west rim  
of Pyramid Lake.F. J. Curley, agent of the Nevada,  
California and Oregon Railroad at  
Doyle, corroborates the story.

INHERITANCE TAX.

MILLION AND HALF PAID.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, May 25.—[Exclu-  
sive Dispatch.] The receipts of the  
State for inheritance taxes for the  
year ending May 1, 1911, were \$1,  
504,985, over half a million more than  
has been received during any previous  
twelve months since the inheritance  
tax was levied in 1908, according to  
figures given out today by State  
Controller Nye. This amount, in-  
cluding interest, totals \$1,600,000, and  
is included in the figures because it  
is the last payment under this tax be-

NEWS/REPORTS FROM CORRESPONDENTS OF THE TIMES.

### RACING FOR THE CORONATION.

Young Pasadena Exceeds the Speed Limit.

Ex-President Takes the Chair Pro-tem.

Plans for a Big Hygienic Institution.

(From the Times, 26 S. Raymond avenue.) PASADENA, May 25.—In a desperate race to see King George crowned, Hulet C. Merritt, Jr., yesterday morning exceeded the speed limit and was halted long enough to deposit \$25 with the City Treasury.

Young Merritt was to accompany his father and mother, Mr. and Mrs. Hulet C. Merritt, Jr., and his fiancée, Miss Sallie Polk on an extended trip abroad. Yesterday morning was the time for departure. But young Merritt forgot something and jumping in to his automobile rushed back to the home on Orange Grove avenue. He had but a short time to make the trip so he "sped up a bit." He was seen by the motorcycle cops. They knew he was bound for the train and left the chase going directly to the depot. In a few moments the speed breaker arrived, only to fall in to the hands of the law.

No time was left for parking. The train was almost in sight. Merritt jumped into his car, was at the Police Court in a twinkling, tossed the money and rushed back to the depot just in time to get the train.

MATTISON TAKES CHAIR. At the first meeting of the new directors of the Board of Trade yesterday morning, Dr. F. C. E. Mattison was elected president pro tem. He refused to accept permanently, but acted for the meeting in order that arrangements could be made for entertaining the delegation of members who will attend the annual convention of the American Medical Association in June.

SPUDS WENT A-ROLLING. When coming into Pasadena yesterday morning with a wagonload of potatoes, T. H. Logan of El Monte had a mishap on South Fair Oaks avenue and the Salt Lake tracks. His horse became frightened, the front wheels of the wagon struck the tracks, the wagon overturned and Logan, who was sitting on the seat, was hurled into the air and landed on his head. He was picked up and taken to the Receiving Hospital, and later removed to his home.

Dr. Henry Sherry will leave for the East, June 1, to remain permanently. His son, attending Johns Hopkins at Baltimore, and his daughter finished at Jacksonville, Ill., this year. Dr. Sherry will probably reside with his daughter.

BIG SANATORIUM PLANNED. Dr. W. J. Geleman is having plans prepared for his sanatorium, which will be known as the Pasadena Hygienic Institute, to be built at the base of Mt. Lowe, at Esperanza Station, the last station on the Pacific Electric before reaching Rubio Canyon. The building will cost \$50,000, and will have a ground space of 40 by 370. The big structure will be erected on the rolling hill overlooking the entire San Gabriel Valley, above Altadena.

PASADENA BREVITIES. An important meeting of the Pasadena Board of Health will be held in the Mayor's office this afternoon for the purpose of discussing many matters of hygiene and sanitation. It is believed one of the subjects will be the recent investigations which have been made at the McKinley School. It is said, Dr. Stanley Black will make an extended written report.

Charles N. Post was, yesterday, elected president of the Annandale Country Club, to succeed George Weber. Weber has gone to Canada to be away during the summer. Willis J. Morrison was elected vice-president.

THE TIMES' CONTEST. The Los Angeles Times has augmented its annual Scholarship Contest this season, by adding to it many thousands of dollars in valuable prizes, for which anyone who is so disposed may compete.

The Times Great Contest is just opening, and contestants are being enrolled from every part of Southern California and Arizona.

Pasadena should be represented by a few live contestants, as 15,000 Pasadenaans read the Times, and many more would doubtless do so were the matter properly brought to their attention.

There is a wide field in Pasadena for contestants to cover. The city is growing, and above all others in this section, is a reading community. While every community has already been represented among the contestants, The News informed that Pasadena has but one entry, a lady residing in South Pasadena, and whose effort will be largely in Los Angeles. No one has yet entered the work in this city proper, so the opportunity to get in line at once, presents itself.

Prizes ranging up to \$10,000 and more than a hundred in number, have been offered, so the prospect seems to be attractive for someone to qualify among the prize winners from Pasadena.

In addition to the capital prizes, the Times has offered for next week, two prizes of \$25 each, one for men and one for women, who score the greatest number of points for the seven days. Monthly prizes are also announced, which will be specified in due time. In this way one may enter the contest at any time, and still be able to start upon an even footing with the others, at least for the week- and monthly prizes.

SOCIETY NOTES.

A delightful affair of yesterday afternoon was the terrace tea given by Mrs. C. W. Leffingwell, at her home, 1111 San Rafael Heights. The hostess was assisted by her daughter, Mrs. Warren Leffingwell, Misses Madeline (Lillian), Edith, Rowland, Jay, Rowland, and Margaret Sherer, Mary Todd and Miss Phillips.

Mrs. C. L. Severy entertained friends, yesterday afternoon, at her

home on South Marengo avenue with a thimble party.

Dr. and Mrs. Charles H. Ward were hosts of the Neighborhood Card Club last night.

The regular meeting of the Pasadena Audubon Society will be held tonight at the home of Mrs. Edwards, No. 516 North Fair Oaks avenue. The principal address of the evening will be by Mrs. Ferguson on "Fly Catchers."

One of the delightful affairs of tonight will be the rendition of a French play by the students of the Orton School, at Ganesha Park. The play has been prepared by Prof. Laure of Berkeley.

Hotel Vista del Arroyo. New annex open all summer. Bungalows. Sleeping porches. Tennis court. Pasadena.

DECORATED FLOATS PARADE.

Pomona Business Men's Association Is Arranging for a Big Independence Day Celebration.

POMONA, May 25.—The Business Men's Association and affiliated organizations have made arrangements for a big celebration on the Fourth. There will be a morning street parade of decorated floats, vehicles and automobiles and a prize of \$100 for the best decorated visitor's automobile; a patriotic program and picnic luncheon at Ganesha Park; automobile, motorcycle and other races, for which prizes will be offered, in the afternoon, and fireworks in the evening.

Dr. J. K. Swindt, whose \$6000 new residence in the Antonio Heights tract was burned last Saturday, will rebuild as soon as the insurance claim is adjusted.

Notice has been received by the local chapter of American Women's League from E. G. Lewis, founder, that while he is present at the annual election of officers of the Pomona chapter.

Much interest is being taken in the Pomona Motorcycle Club just organized here. A run to Santa Ana is planned for tomorrow day. Officers of the club are C. Digby Wright, president; G. A. Hayes, vice-president; A. M. Tucker, secretary; and E. W. Levensgood, treasurer.

The recent performance of "The Army Girl" for the benefit of the Army fund of Co. D, N.G.C., netted about \$500 and will go substantially toward lessening the indebtedness of the company. Capt. Homer Duffy of Co. D will leave tomorrow morning for San Diego to take up his duties as National Guard officer participating in the regular army maneuvers.

Try the baths at Wheeler's.

WONT ORGANIZE AGAIN.

San Pedro's Allen Fishermen Have Disastrous Experience in a Trial of the Union Methods.

SAN PEDRO, May 25.—The old law of supply and demand took another crack at the recently organized "fishermen's union" today, and resulted in a retreat of that organization, composed of a party of aliens, from the position they assumed recently.

About ten days ago wholesale fish caught by the fishermen had been the catch, were unable to market it and served notice on the fishermen that the future would be notified of the quantity that could be handled. Acting under the promptings of certain labor union interests, the fishermen were "organized" into a union, and tried to not only force the catch upon the wholesalers, but attempted to dictate the price as well. No agreement was reached and the organized aliens went out on "strike," which lasted for about two weeks.

Desiring to control the market, the American and Western fish companies entered into an agreement with the "union" to take the catch, and provided a higher price. Other local wholesalers here and in Los Angeles, were refused fish for their customers unless they were bought from the Western and American fish companies. This they refused to do, as a result the companies were unable to market the fish, and the "union" was so notified.

DAYS OF IDLENESS. Several months of idleness resulted today and the fishermen abrogated their agreement with the Western and American companies, and very meekly notified the San Pedro Fish Company, the George E. Vitch Company, the National and the Union fish companies that they were ready to come to terms. The companies agreed to limit the catch and as a result the "fishermen's union" is a little worse off than before it organized. The local companies have agreed to take the catch at least four days a week and pay the price fixed by the old law of supply and demand.

MAYOR'S LIBRARY TREASURES.

Azusa's Chief Magistrate Owner of Volumes of the Commander Perry Date and Associations.

AZUSA, May 24.—Mayor H. R. Bierbower believes that he has in his possession a collection of rare and interesting books that, in some respects, rival the collection of H. E. Huntington. There are eighty-six volumes in this collection. They date from the middle of the nineteenth century to the last decade of the fifteenth. The books came into the possession of Mayor through the death, last autumn, of his elder brother, Col. Frederick Bierbower, who was private secretary to Commodore Perry, and who accompanied Perry on the memorable four-years' cruise around the world in 1854. Most of the books were collected in France, Germany, England and Spain.

EXCURSION TO PANAMA.

Redondo Beach Business Men Are Planning to Charter a Steamer to See the Panama Canal.

REDONDO BEACH, May 25.—A number of the business men are planning for Redondo Beach excursion to Panama to see the building of the big canal. L. J. Norman and F. R. Fancher are at the head of the movement, and the plan is to charter a steamer and take with one hundred men to make the trip some time in September. The excursion to Panama will be held here Saturday and a ball game, race and other outdoor sports are scheduled for the day. About five hundred are expected.

Long Beach. PRAISES THE LEGISLATURE.

"Greatest Ever Held in the State," Is Declaration.

So Asserted by the W.C.T.U. President, Mrs. Griffith.

Los Angeles Wins Banner for Literature Work.

LONG BEACH (Cal.) May 25.—Many subjects of local interest today by the delegates to the State convention of the W.C.T.U. Among them were "Sunday Postoffice Closing," "Work of Juvenile Courts," and "The Success of School Savings Banks." All were declared causes for rejoicing.

Mrs. Hester T. Griffith, State president, in her annual report, declared the meeting of the Legislature this year was the greatest ever held in the State, on account of the beneficial laws enacted. She declared red light districts were worse than any plague, saying: "If you segregate women, you should also segregate men."

Los Angeles county won the banner for the best work of the year in literature. A "surprise party" announced for tonight will be a suffrage symposium.

A feature of the morning program was the rendition of Spanish songs in costume by Mrs. C. L. Windham, wife of Mayor Windham.

During the morning a telegram of congratulation on the convention of the W.C.T.U. was received from Mrs. Clara Shortridge Foltz, president of the National W.C.T.U., and the votes for Women Clubs.

ARE QUESTIONS OF CITY. The principal business before the convention tomorrow is the election of officers and it is generally conceded that Mrs. Griffith will have no opposition.

The convention will be devoted to consideration of the work of the Local Temperance League, the kindergarten and work among the colored people, following which the delegates will be the guests of the Chamber of Commerce in a boat ride through the inner harbor and to the beach.

The diamond medal contest will be decided, five contestants who have won other medals appearing in a final contest. The contest will close at noon Saturday.

Another stage of the varied and absorbing drama of the psychological exponent, developed this morning at a meeting of the stockholders of the California Business Block Company, which succeeded the Psychic Temple Association, who changed their name and Dr. Price's ownership and control of it. Attorney Roland Swaffield, said that the stockholders of the company, Dr. Price among the stockholders, appeared at the meeting with a number of proxies. The meeting was held at the company's headquarters, where the law requires twenty-four hours' notice, therefore the chairman stated that they could not be honored and voted. The remaining stockholders then agreed to a reduction of the price of the stock to \$100,000, three, the holding directors, all anti-Price people agreeing, and James M. Lewis, Dr. Price's attorney, H. C. Marsh were chosen, they holding the majority of stock. At a meeting of the stockholders, Dr. Price was elected president, his wife secretary, and Marsh vice-president.

The stockholders, who were struck down at noon by a Pacific Electric car, and because of his accident, may now be crossing the street when an express car rounded the corner and almost struck him. He was struck down and rolled over. At the office of the company surgeon it was found that his right leg was broken and his left knee dislocated. Late this evening he was reported as being all right.

The Board of Education this morning appointed some new heads of the Polytechnic High School. George B. Gastrich was selected as head of the manual department; Jesse G. Mendenhall, the woodworking department; Prof. Frank G. Reid, principal of the department; Miss Barnhill, decorative arts; and Miss May Torrey, domestic arts departments. The board elected Mrs. Laura C. Jones, as a dean for girl students.

Mayor Windham was this morning served with the notice of the suit against the city by the Bird Company to quiet title to beach lands. A conference of the city's council will be held tomorrow and an answer or demurrer filed.

Reckless motorcyclists who take a joy in trading the body for a moment in answering fire alarms received a check today when A. L. Rix, an old offender in this regard was fined \$10 for speeding.

Leslie Johnson and Robert Olsen, aged 15 and 17, respectively, were arrested last night when overheard planning depredations on the Pike. Probation Officer Ray of Los Angeles came after the lads this morning and says Johnson is a member of what was known as the Belvidere gang.

The Seventh Day Adventists have asked the Chamber of Commerce to donate \$500 towards the expenses of the annual State-camp meeting which they hope to secure for Long Beach.

Change of Time on Salt Lake Route. Effective Sunday, May 28, American Express will leave Los Angeles for Salt Lake City at 12:30 p.m. instead of 2:00 p.m. Morning train will leave Salt Lake City at 7:15 and 8:45, instead of 7:30 and 9:00.

TROPIC, May 25.—N. P. Banks Grand Army Post, No. 25, and Woman's Relief Corps, No. 67, will hold memorial services in the hall, Glendale avenue, Sunday, the 28th inst. The following programme is arranged: Song, by Marjorie Quartette; prayer, by Rev. S. Norton of Glendale; selection, by Ladies' Quartette; scriptural reading, Rev. J. W. Uter; song, Marjorie Quartette; memorial sermon, Rev. D. C. Cheney; song, "America," by audience; benediction.

Stranded on the desert thirty-five miles from Newhall, when the housing of the rear axle of their big car broke, a party including Dr. and Mrs. Clarendon Foster, their daughters, the Misses Dorothy and Mae, and their son, Reginald, Charles Porter and Frank Glenn, all of this city, were compelled to walk all day Sunday and far into the night over the burning sands under the almost intolerable heat of the desert sun. Had it not been for the demijohn of water they took with them when they left the stranded car, some of the travelers would probably not have lived to reach Newhall.

When almost at the limit of their endurance, the little party reached the railroad in time to take the 4:40 o'clock train in the morning. Dr. Foster is a retired eastern physician, who came to this city about a year ago and lives at No. 1813 Electric avenue. With the others mentioned here was on the way to look over some government land on which they intended to build a house.

### A Sad Story.

ATTRESS SUES A MILLIONAIRE. SHE SAYS HE CAUSED HIS SON TO DESERT HER.

Bessie Vanness Quits "The Beauty Spot" Company to Make the New York Lad Happy and Then She Had to Go Back to Earn Her Bacon and Beans.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, May 25.—[Exclusive Dispatch.] Process servers with papers to \$500,000 suit for alienation of affections have just today for George H. Mulligan, millionaire contractor, who divides his time between his city home and his country place, the Richard A. McCurdy mansion at Morris Plains, N. J.

The plaintiff is Bessie Vanness, the actress wife of George H. Mulligan, Jr., who charges her husband with having taken away her husband.

She began suit through her lawyer, Herman L. Roth, after she learned her husband was living at a country club in Pike county, Pennsylvania.

Since September, 1909, when Bessie Vanness left "The Beauty Spot" Company to marry her husband, then president of the New York Automobile Company, the actress told her lawyer Mulligan, Sr., had worked constantly to bring about an estrangement from her husband. She charges he succeeded a few months ago, and she was compelled to return to the stage for support.

The break between young Mulligan and his wife came last December, according to Roth, at that time Mulligan returned from the West, where he had worked from one position to another, and once a taxi driver for one of the firms in which he had a partnership before his marriage.

He returned to New York, where he learned her husband had decided to give her up and return to his father, South after this time Mulligan appeared from New York. His wife took a part in the search and found he had been living in Pike county. There, she says, he is being supported by his father.

### HOW TO BE AN OPTIMIST.

If a Person Doesn't Become One While He's Young, This Case Is Entirely Hopeless.

(BY DIRECT WIRE TO THE TIMES.) HAMMOND (Ind.) May 25.—[Exclusive Dispatch.] President Frank Nelson, of the Lowell Bank, gave a lecture last night on "How to be an Optimist." The lecture was given in the morning which only ran when Coorse ran. Coorse gave 15 cents to a jeweler to make the watch tick and sold it for \$2. With the two dollars he bought a new watch from a jeweler. He traded for an old buggy and two wheels. He then traded the two wheels for the body of a road car and put his buggy wheels on the car, to trade the body for a new one. He then traded the body for a new one. He then traded the body for a new one.

### POET ANSWERS SUBPOENA.

Testimony Shows Le Gallienne Registered Girl in Hotel Under a Name Taken From His Novel.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, May 25.—[Exclusive Dispatch.] After hearing part of the testimony in the case of Mrs. Julie N. Le Gallienne against her husband, Richard Le Gallienne, the poet and essayist, for divorce, Justice Gerard today adjourned proceedings to enable counsel for Mrs. Le Gallienne to procure additional witnesses.

Le Gallienne was in court in answer to a subpoena. The poet declared he had no intention of divorcing his wife, and would not have appeared had he not been subpoenaed.

Mrs. Le Gallienne is living abroad and her testimony was taken by deposition. She charges that Le Gallienne acted improperly in this city by securing a divorce in the Persian court, one of the finest collections of Oriental rugs ever shown in Los Angeles.

The people of Los Angeles should appreciate his efforts by calling at the Victoria Hotel, corner Seventh and Hope streets. He invites all to come and see the rare rugs he has exhibited.

### STRANDED IN THE DESERT.

South Pasadena Auto Party's Sorry Plight.

Mr. and Mrs. C. F. Webb have moved into their new home, just completed on Marengo avenue, near Bank street. They recently came here from Oshkosh, Wis.

Arrangements are about completed for the vaudeville show to be given tomorrow evening in the High School building by the Women's Improvement Association, for the benefit of the clubhouse fund. One of the numbers on the programme is to be a comedy sketch entitled "A Merry Meeting."

Those who will take part are Miss Gladys Taylor, Miss Margarette DeSilva and Miss Vernon, Victor Collins and Wade Phillips. Other features are song impersonations by Frank Collier, a monologue, Frank Bristol; a musical number by Robert C. Goetz; a dance, Dale Walker, E. Muncie, H. Holland and L. Sherman. Miss Kertine, a new dancer, will give some clever impersonations.

Plans have been completed for the annual Spiritualists' camp meeting to be held in Mineral Park, June 4, continuing until the first part of July. It is expected that prominent spiritualists will attend.

At the first meeting of the Superintendents' Association of Los Angeles county, held at the State Normal School recently, Superintendent George C. Bush was again elected president.

EX-WIFE GIVES VIRGINS ADVICE.

SHE OUGHT TO KNOW: SHE'S HAD THREE MATES.

"When Still, Small Voice Urges You Toward Marriage, Succumb! Die! It's Easier Route to Paradise," Asserts Divorced Spouse of Rich Clubman of Chicago.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, May 25.—[Exclusive Dispatch.] Mrs. Marina de Galdo Parke, ex-wife of Fred Kearney Parke, the rich clubman who accused her in his divorce suit of attending an "affinity dinner," and of undue intimacy with other men, declared today that she found it impossible to live on \$100 a month alimony, and had decided to go on the stage.

"There is nothing original about getting divorced and going on the stage," said Mrs. Parke at her home, No. 1212 East Fifty-fourth street, "but when one is compelled to struggle along on a paltry \$100 a month, it is a question of starving, marrying again or going to work. I have written a vaudeville sketch, made the rounds of the agencies, obtained a leading man, and I am going to work."

"When the still small voice within insists upon marriage or suicide, the wise virgin should choose the less painful course to Paradise. Every time I awake in the morning, the newspapers have given me a new husband. I have had only three and they all acted alike. Husband seems to be fashionable and necessary, but they are dreadfully tiresome, especially when they refuse to pay alimony and leave you to starve, marry or work."

FINDING OUT "WHO." WASHINGTON, May 25.—Allen and Graham, the New York attorneys, who, it is said, have acted for the National Grange in opposing Canadian reciprocity, will be summoned by the Senate Finance Committee to appear before the committee next Monday. The decision was reached by the committee today on motion of Senator Stone, who had previously stated a desire to find out "just who was behind the fight on reciprocity."

### Don't Be Deceived by False Symptoms

Indications of Disturbed Digestion Are Often Mistaken for Other Disorders and Cause Unnecessary Alarm.

All of these symptoms are caused by stomach trouble when this is righted the alarming symptoms disappear you have them look to the condition of your stomach cause before you start to treat the symptoms rather than the disease.

If the sufferer from any form of stomach trouble, and the blood thin, the first step towards restoration of the stomach is to improve the condition of the blood. A supply of rich, well-oxygenated blood is to the processes of digestion and with it, if errors are avoided, nature will work a cure. This is known as treatment for indigestion and its success is illustrated following cure:

Mr. L. G. Coffin of No. 27 North Mora street, Arleta a suburb of Pasadena, says: "In the fall of 1905 I began to have stomach trouble and grew worse until I was not able to work steadily. I wasn't eating and for three months was unable to do any work. I didn't have any appetite and my stomach hurt me all the time. I was constantly forming on it. I was troubled with indigestion and had such headaches. I was greatly run down in flesh and strength. I was treated by two doctors but neither did me any good. I was then told to take Dr. Williams' Pink Pills for Pale People. I took a number of years. I felt good effects from their use right away and until cured. I am able to work every day now and feel as well as ever."

Dr. Williams' Pink Pills for Pale People are a tonic and have cured such blood and nerve diseases as anemia, rheumatism, after-effects of the grip and influenza, neuralgia, sick headaches, St. Vitus' dance, troubles. They cure stomach trouble by building up the blood so that it can nourish and strengthen the digestive system. Hundreds of cures in most cases are treatment to a thorough trial.

A copy of our diet book, "What to Eat and How to Eat," will be sent free on request to anyone interested.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by Dr. Williams' Medical Dispensary, Schenectady, N. Y.

# HIGHWAYMAN, SURPRISED, SHOOTS TWO OFFICERS.

Patrolman Crusey, One of Youngest Men on Force, Perhaps Fatally Wounded, and Deputy Sheriff Solomon's Jaw Shattered by Bullet—Desperado Is Captured After a Running Fight.

PATROLMAN ARTHUR B. CRUSEY, one of the youngest officers in the Los Angeles department, both in point of years and length of service, was probably fatally wounded shortly after 10 o'clock last night by a robber, who shot him through the body. The same bandit shattered the jaw of Deputy Sheriff A. Solomon with a bullet. The highwayman, who gives his name as John Holland, was captured by Sgt. Willett and Patrolmen Croft and Greeley, who cornered him in a back yard after a desperate running gun fight with Greer. The two men fired at each other as they raced for several blocks. Holland finally escaped from Greeley for a little while by vaulting a high fence in the darkness.

It was about 10 o'clock when Patrolman Crusey, walking his beat on North Main street, saw a tall, slim man, heavily taking a bicycle from Silverstein's pawnshop, just north of the Federal building.

"Halt!" cried Crusey, and instantly gave chase when the surprised desperado failed to heed the summons.

But Holland was not the stripe of criminal to mind the bidding of a policeman. His reply was a shot that would have killed Crusey had he not dodged for a second or so while he reached for his revolver.

Holland continued shooting rapidly. One of these shots struck Crusey in the right side, about four inches below and slightly to the right of the nipple. The bandit's revolver, a high-power 38-caliber weapon, sent the bullet straight through the young officer's body, emerging almost directly under the point of the left shoulder blade after having perforated the right lung and, probably, the stomach. Police Surgeon Carter, who was the first to examine the officer at the Receiving Hospital, pronounced him desperately wounded.

As he fell, falling into the arms of citizens rushing to his aid, Crusey retained presence of mind enough to take note of Deputy Sheriff Solomon, who had heard the shooting and was running up to help the police.

"There he goes, he has no more shells," called Crusey, pointing to the flying man and his own empty revolver. "His gun is empty."

Solomon instantly set out after the fugitive, but Holland either had two revolvers, or he had reloaded as he ran.

As Solomon came close enough to put his hand on Holland's back, the latter turned slightly in his flight and, with his right hand holding his weapon over his shoulder, he let fly a shot straight back from him.

The bullet caught Solomon just back of the left corner of the mouth and, ranging straight back, knocked out several teeth and shattered his jaw. Solomon was unable to speak.

But the chase had not yet been given up. Patrolmen Croft and Greeley, on duty at the sound of the fusillade, turned down to Los Angeles street, then out Aliso street to San Pedro street, back again to Commercial street.

Greeley caught sight of the bandit through the fog of the night, and he was shouting to the other officers. He shouted, "He's back!" and at once opened fire. Instantly came back an answering shot from the fugitive. Greeley fired again, running as fast as he could, and his shot hit him. This bullet, too, went wild. The bandit fired one more shot, but he too, was in too much hurry to fire with anything like precision. He was shouting and climbing over a fence as he turned a corner to get away from Greeley.

As he vaulted over the fence, the bandit came into plain view of Croft, who was about a half-block in the other direction on the lookout for him. Croft knew the neighborhood and realized that the desperado was cornered. His whistle sounded, and with all the strength of his powerful lungs, and Greeley joined him in a race in front of the fence.

Taking no heed of the danger they were running, the two officers immediately hoisted themselves over the fence, giving the bandit at bay an ideal target against the sky.

But at the same time, Sergeant Willett of the oriental squad also thoroughly familiar with the neighborhood, had entered the yard from another direction and Holland found himself between two fires, so crossed that he could not have lived two seconds, revealed as he was by the policemen's flashlights, with their beams leveled at him. Holland fired with his back to the wall and both his hands up.

That another officer was not sacrificed to his deadly gun is regarded as a mystery by the police. In one of his uphanded hands he held his revolver, ready to fire again the instant he found the officers off his guard.

The revolver was found to contain four loaded shells, as well as two empties.

Crusey and Solomon had already been removed to the Receiving Hospital when Holland was arrested. Crusey was in great agony and Solomon could scarcely speak because of his shattered jaw, but when Holland was hustled into the hospital operating-room he was readily and positively identified by both of the wounded men. The prisoner was thrown into a cell after vain examination by the detectives, during which he remained surly and defiant, refusing to answer any questions. The location of his room was learned, however, and detectives were hurried out to see what he had done and what information it would divulge.

In a general way, Holland answers the description of the taller of the hold-up men who have been robbing saloons and drug stores during the last two or three months. He is more than six feet in height, slender, with a blazey smile on the window of the Park Smoke House, a clear store on the southeast corner of Sixth and Hill streets. The proprietors of the place are Will Valance and Earl Gaudin. The loss was nominal.

It is believed the fire was started by a lighted match carelessly thrown into the air by some one passing by.

# OPENS ATTACK FOR A FINISH.

Hotel Man Will Fight Eight-Hour Law Through.

Intends to Test It Before Supreme Court.

Miller, Arrested, Backed by Strong Bodies.

The first gun in an attack on the eight-hour law was fired yesterday in Riverside when Frank Miller, proprietor of the Glenwood Mission Inn, was arrested and pleaded not guilty before Justice Webb, on a charge of having violated the act by working his head waitress, Miss Hunt, nine hours on Tuesday.

Miller, who is the Southern California Hotel Men's Association, and the San Francisco Hotel Men's Association, and a test case, to determine the constitutionality of the new law, will be pressed.

The hotel men, as a whole, have been discussing the action, as they have planned to let it be conducted without the associations appearing in it to any extent.

"I have several women working for me who have been in my employ for fifteen years," said Miller yesterday. "It is impossible for me to conduct my hotel under the eight-hour law. I must either discharge them after their years of faithful service or face prosecution. I do not want to discharge them, they want to remain, and I have determined to let the Supreme Court decide the case. What shall be done."

"The law in itself is absurd. For instance, my assistant manager of this hotel, who is a stockholder, cannot work longer than six hours and get two minutes each day, seven days a week. If one does, I, as proprietor, am liable to prosecution. The law is what shall be done."

"The law in itself is absurd. For instance, my assistant manager of this hotel, who is a stockholder, cannot work longer than six hours and get two minutes each day, seven days a week. If one does, I, as proprietor, am liable to prosecution. The law is what shall be done."

Frank Miller, proprietor of the Glenwood Mission Inn, Riverside, arrested yesterday on a charge of having violated the eight-hour law. Backed by the hotel men of the State, Miller will make a test case attacking the constitutionality of the law on the ground that it is class legislation. He will carry it to the Supreme Court of California.

hotel positions the woman is idle half of the time, and must only be near in case of call.

The hotel men's organization has secured the opinion of "unimpaired" attorneys and they state that the law is unconstitutional, and that if a case is carried to the Supreme Court it will be annulled.

It is expected that in the light of the action taken by the hotel men, other interests vitally concerned in the effects of the law will join forces with them and assist in pushing the case with all the rapidity possible.

She Asserts That He Has Married Four Women, Has Been Divorced From Only Two, and That Her Position as Number Three Entitles Her to Support.

To be 23, more or less handsome, the owner of two certificates of divorce from women still living, and the rightful husband of two more women, even whom the courts have not separated him, is a combination of doubtful blessings that does not fail to every man. Add to it a felony charge of failure to provide for one of the wives, and you have an array. This is the situation in which Herman L. Blake finds himself, according to the story by wife No. 2, Mrs. Marie Blake, who lives at No. 311 East Thirty-fifth street, who yesterday asked Deputy District Attorney Blair to issue a complaint.

After an investigation, Blair found that the only charge Blake could be held on here is that of refusing to provide for his wife. He was arrested and taken before Justice Forbes late in the afternoon. The justice released him on his own recognizance and set his hearing for Monday morning.

According to the story told Blair, Blake is an eastern man, who was twice married and divorced before the woman in Los Angeles knew him. He is understood to have been left a little child by wife No. 2. A year ago he married wife No. 2, the story goes, at Joplin, Mo., and later abandoned her. From Joplin he is supposed to have gone to Albia, Iowa, where wife No. 4 lived her life with him. Mrs. Blake, No. 3 says she was arrested there for abandonment, but that a bigamy charge was not pressed, and he escaped with a fine. He then came to this city, where wife No. 2 followed him. But he will not stay with her.

The Iowa wife, it appears, still writes to Blake and has refused to appear against him in this State, saying that her sick mother demands her attention in Albia. Without her attendance, wife No. 2 says, if she is kept actually working during that prior right to the man, cannot pass period, but in the majority of the a bigamy charge.

One of the jolliest parties of pleasure-seekers yet organized will leave Pasadena June 25 for Alexandria Bay, Thousand Islands, St. Lawrence River, Quebec.

The party will be personally conducted by John S. Cravens, the popular lawyer and club man of Pasadena, who is busy perfecting plans for the trip. In the party will be Mrs. Cravens, Mr. and Mrs. Charles Cravens Perkins and Mr. and Mrs. H. Page Worden. Special transportation facilities have been arranged and the entire party, servants and all, will travel in royal style, with private sleeping cars, dining and library cars, and everything in the most up-to-date fashion.

A great French chateau has been secured for the accommodation of the members of the party, and entertainments of regal splendor are promised for the summer months. Neither money, time nor ingenuity will be spared to give the Canadians and summer residents of the Thousand Islands an idea of Pasadena gentility and right royal good-fellowship, he said.

John S. Cravens, Charles Perkins and Page Worden are anything but snobbish.

But there are other things to do in the Thousand Islands besides give teas, dinners and bridge parties. There will also be tennis and golf, and nowhere in the world are there more enthusiastic golf and tennis players to be found than in Pasadena. All of the members of the party are golf and tennis players. They have already elected to memberships in the Alexandria Bay Country Club. Tournaments will be arranged for the summer.

There will be other Pasadenaans in the Thousand Islands during the summer. They will not travel or entertain in the fashion of the Cravens party. They will travel in small groups and will be content to make portraits at different times, but will help swell the big Pasadena summer colony.

Mr. and Mrs. John S. Cravens live in one of the largest and most beautiful homes in Pasadena in the corner of South Orange Grove avenue and Madeline avenue. They formerly lived at Ivy Wall, the winter home of Adolphus Busch, but sold that place and bought a few doors farther south. When fancy horses were in their vogue, Cravens was one of the most enthusiastic horsemen in California. He maintained a big string of beautiful horses, and he became known as the big horse show of the country. Mrs. Cravens, formerly Miss Mildred Meyers, is a daughter of the late George S. Meyers, the famous tobacco merchant of St. Louis, and a member of the firm of Liggett & Meyers. Meyers died a year ago in Rodland, leaving an estate estimated at \$12,000,000.

# MOTHER ARMS OPEN TO SAVE WEE, FRAIL LIFE.

SUNSHINE is flooding the life of wee Mary Berkowitz, the 5-year-old baby whose life depended upon her securing a home where she would have no want and much joy.

When the little daughter of Mrs. Hattie Berkowitz, widowed mother of three children whom she supported by conducting a meager fruit stand on Broadway opposite the Court-house, was taken to the Children's Hospital, after a bad seizure last week, the doctors who examined little Mary gravely shook their heads. She had valvular heart trouble, they said, and might die any day. Only one chance was there for bringing so fragile a blossom into maturity.

If Mary could be placed in a home where there was music and light, where food was never wanting and where there would be no chores which the tiny hands must do, she might live many years, and perhaps grow into the fair womanhood of which her childish beauty holds rich promise.

The Times printed two stories about the little girl and the shadow that was over her and many inquiries were made by "good" people in Los Angeles whose hearts and homes are big enough for the needs of a stranger child. Some of those who telephoned about the little girl went to the Children's Hospital to see her and Mary Berkowitz found herself in the remarkable position of being able to choose her parents.

Not many children have the chance to look into gentle, loving faces and choose from the many the one who shall be the sweetest, closest companion of her childhood days. Little Mary Berkowitz was given to choose a second mother. Now she is happy in the home of Mr. and Mrs. J. H. Greenway, No. 807 Prospect avenue, in sunny South Pasadena.

The Greenways are a comfortable circumstance possessing both the means and disposition to give Mary the happiness which in childhood's rightful portion. The little girl, instead of having to be a mother to two children younger than herself, through the long work hours her own mother spends at the fruit stand, will now play upon a big, green lawn with a daisies and a dollie who has been a woman's wisdom and love will shield her from the buffets that would have taken her tiny life away.

# Request of Federal Officials for a High Power Torpedo Boat Patrol Is Favorably Acted Upon.

Immigration Inspectors, Connell received word yesterday from the Treasury Department that the government furnish a high power torpedo boat for service along the Pacific Coast, for the purpose of chasing smugglers and live slavers, had been favorably acted upon.

# TRUSTEE ELECTION.

County Superintendent Keppel yesterday issued notice calling an election of five High School trustees from Playa del Rey and Ocean Park to hold office in the newly created Ocean Park Union High School district. The election will be held June 9, from 2 until 6:30 o'clock in the afternoon, at the grammar school building in each district. The trustees chosen will call an election to vote \$100,000 in a bond for the construction of a new Polytechnic High School.

# AWNING BLAZE.

The fire department was called out at 12:15 o'clock this morning by a blazing awning over the window of the Park Smoke House, a clear store on the southeast corner of Sixth and Hill streets. The proprietors of the place are Will Valance and Earl Gaudin. The loss was nominal.

Canvasser Offering to Give Big Vouchers for Small Money in Photographs is Arrested at It.

Charged with having obtained money under false pretenses by selling contracts for Fred Hartwood, a local photographer, to make portraits at reduced rates, R. E. Mitchell was arrested yesterday morning on Magnolia avenue near Pine.

According to the police, Mitchell canvassed the territory, collecting 50 cents from each person who wished to have photographs taken and then giving them a bogus receipt which he presented at the studio of Hartwood, who entitled them to \$12 worth of photographs for \$2.

Hartwood says he became aware that some person was victimizing others with orders for photographs. He told the police that he had distributed about \$25 among a large number of persons who could ill afford to lose the money. Finally, he said, he offered a reward of \$50 for the man.

Wednesday night he received a telephone message from a woman living near Magnolia and Pico streets where there would be no chores which the tiny hands must do, she might live many years, and perhaps grow into the fair womanhood of which her childish beauty holds rich promise.

## The Public Service: City Hall and Courts.

## SUMMARY OF THE DAY.

After made yesterday to enlarge the collection system by doubling the city's expenditure on that account.

Judge Craig's courtroom was yesterday adorned with many oil paintings, which were exhibited in an effort to prove that the estate of "Lucky" Baldwin is indebted to art in the sum of \$12,150.

Justice Brown is one of the defendants in a suit for \$100,000 for malicious prosecution, which was filed yesterday by L. M. Kahn.

Judge Boardwell yesterday gave a judgment against a wealthy English woman who quarreled with her servants at Hotel Aldred.

The case against Miss Murrie Williams was held in abeyance yesterday after she had promised to refund the amounts paid for tickets to her vaudeville performance.

## GARBAGE RATES TAKE A JUMP.

## THE BOARD OF PUBLIC WORKS CATCHES INCREASE BUG.

Offer to Make Additional Collections Means More Than Doubling City's Expense—Council Committee Deadlocks on Wiltshire Paving Project.

An effort of the Board of Public Works to solve the garbage collection by enlarging the collection system and paying for it has brought a solution. It will hardly be surprising, however, that the board will adopt the offer of the W. D. Reduction Company, which holds the contract, means an increase of more than double the cost for all the rest of the city.

The W. D. Reduction Company, which holds the contract, means an increase of more than double the cost for all the rest of the city.

A daily collection in the fire districts on all garbage producers outside of the hotels which is regarded as needed, instead of the every-other-day system now in use in the district, known as the fire limit, will cost, according to the W. D. company's bid, \$1140 a month.

Because many hotels and apartment houses are outside the fire limits and require daily collection, the company agrees to make them in a district beginning at San Pedro and Eleventh streets, south to Adams street, and Hoover, north to Sixth, east to Broadway and then along Broadway to the fire district, to Eleventh street, for \$1174 additional monthly.

This proposition was received by W. M. Humphreys, inspector of Public Works, yesterday. If the three proposals should be accepted the city would be required to pay \$4722 additional each month. With the \$3000 now paid, this would require an expenditure of \$104724 a year.

No action has been taken on the proposal, but it will doubtless not be considered, as it seems out of all proportion with the cost of collections in the remainder of the city, and even beyond the ability of the city to meet it.

## WILTSHIRE PAVING.

## COMMITTEE DEADLOCKS.

Another hearing on the paving of Wiltshire boulevard, with bituminous pavement before the Council committee on streets, resulted in a deadlock, after a committee of property owners had spent half the afternoon in arguing the questions involved.

No property owner was present in opposition to the paving of the street, but W. L. Lacey was represented by his attorney, who made opposition to the property owners' committee, headed by W. D. Longstrech, demanded that the committee make some kind of a report to the Council next Tuesday in order that the work may be authorized, without delay and the big job finished this season.

Only two members of the committee were present—Whiffen and O'Brien. Gregory, the chairman, is absent on leave in Chicago. Whiffen favors permitting the Wiltshire owners to have bituminous and O'Brien opposes on the ground that it will be committed to the Council to paving monopoly. It was decided that each should put in a report and O'Brien refused to do so. A feature of the hearing was the appearance of S. M. Haskins, attorney for the Fairchild-Gilmore-Wilton Company, and W. F. Bryant, of Bryant & Austin, asphalt contractors in opposition to bituminous. Although they asked together in opposing it, they were a combination between the Warren Brothers Company, owners of the bituminous patent and the Barber Asphalt Company, which is said to be authorized to lay the new material.

It is for the Council to decide whether Wiltshire owners shall have a pavement they ask for and must pay for, even if it is patented monopoly one.

## HARBOR PLEDGES.

## REDEMPTION NOW ASKED.

The "heel and moral" duty of the Council under the present the Consolidation Committee two years ago, to San Pedro and Wilmington was put into the hands of the City Attorney and the City Attorney yesterday afternoon by the Finance Committee. John T. Gaffey, Lewis Hansen and others asserted to the committee that Los Angeles promised to appeal all the San Pedro tax money in that city after annexation, and they also asserted that this is not being done. It was a renewal of the old claim that the general government is apportioning the harbor and engineering work on the San Pedro district unfairly.

After a long discussion, the committee decided that the matter was a matter of fact for the Auditor to report on and the law and morality in the domain of the City Attorney.

## SIXTH WARD CLUB AROUSED.

The Sixth Ward Central Improvement Association has filed a formal petition with the Council that the Electric Light Company be ordered to close the Long Beach line across streets in violation of the speed laws and that the tracks are a grade in violation of its franchise. A demand is made that the law be enforced or the association will enter suit in the equity.

The notice also declares that

Lissmer Board of Public Utilities has refused to act. The action is the result of the long fight the association has made against the substitution of automatic signal alarms at intersections in place of flagmen, and which has kept Lissmer's board in hot water for months.

## Major Suit Exploring.

Additional objections to the Lissmer light rates were filed yesterday by James Bekins, who alleges that the power rates are unjust and discriminatory against the small consumer. Bekins is not in the small-consumer class. A. I. Warren also relied his charge on the fifteen days named for protest begun yesterday. The Mayor is still pursuing his investigation under the answer from the Board of Public Utilities, and he says he is suspicious of the arbitrary charge in the power schedules of 20 cents per horse power. He says it looks familiar like the 24-cent minimum charge for light rates.

**BIG DAMAGES.**

**ASKED AGAINST JUSTICE.**

L. N. Kahn yesterday filed suit for \$100,000 damages against Justice Sidney N. Reeve and E. W. Kingsley for the part they played in causing his arrest on a charge of perjury. He alleges malicious prosecution.

The case grew out of a contract which was tried before the justice. Kahn was the defendant and J. G. Johnson was the plaintiff. The contract was for automobile supplies which were alleged to have been furnished to Kahn.

As soon as the case was completed, a representative of the District Attorney's office was called upon to issue a complaint charging Kahn with perjury. He was arrested and was released after a preliminary examination.

Rahn avers that his business has been ruined by the prosecution and asserts that it was without foundation. He declares that the time he was associated with J. A. Marsh and James Montgomery, with offices at No. 115 E. 1st street, building, but the action which was taken has spoiled his financial prospects.

**WANT TAXES BACK.**

**DO THESE CORPORATIONS.**

More suits by corporations against the city and the county to recover taxes under protest were filed in the Superior Court yesterday.

The Southern California Edison Company is asking a return of \$59,000 from the city. It asserts that it was assessed at \$14,000 and the City Council, sitting as a board of equalization, reduced it to \$21,845. The company avers that more than half of its assets are outside of the city limits. It is doing business in seven counties and twenty-six cities. It offers to show that the assessment is excessive.

## COURTHOUSE NOTES.

**BREVITIES MISCELLANEOUS.**

**WATCH OUT KIDS.** Six new probation officers were appointed yesterday. Electa J. B. Norvel, Anna E. A. Darling, Harriett G. Prohaska and O. D. Conroy will take office immediately. They will draw \$100 a month, each, for two years. Clyde Doyle and L. P. Elbow were also commissioned, but they will not enter upon their duties for several weeks on account of new appointments. Oliver Bear's appointment was revoked as he is too ill to act.

**COMMISSION HERE.** The State Railway Commissioners will hold a meeting in Department Ten on June 26.

**SOAKED HIM.** Fred E. Engstrom, son of a local contractor, showed up for jury duty two days late yesterday. Judge Houser fined him ten days pay and revoked his claim for mileage.

**GET MORE JUDGES.** Contrary to his expectations, Judge Hutton has been able to get the services of two extra judges for the summer months. They are Judge John F. Elson of Tehama county, and Judge K. S. Mahon of Santa Clara county. They will arrive on the first of June and will immediately relieve the congestion which will arise during the vacation period.

**OTHERS HERE.** After excluding everybody from the courtroom except the parties, their attorneys and the witnesses, in the divorce suit of Mrs. L. against Wilbur W. Fee, Judge Monroe yesterday found that there were still more persons present than could be conveniently accommodated. Mrs. Fee accuses her husband with infidelity and he retorts with a cross-complaint on the same ground. Many of the persons subpoenaed in the case are indirectly named as co-defendants.

**ARNOLD SENTENCED.** E. L. Arnold would be convicted of having committed a statutory offense on his wife, was yesterday sentenced to serve five years in the penitentiary by Judge Wilks.

## LITIGATION OVER COMMISSION.

**Transacion Aired in Court Which Involves Charges and Counter Charges of Irregular Conduct.**

A peculiar land deal, involving mutual accusations of bad faith was brought to light in Justice Summerfield's court yesterday, when George R. Comte and H. A. Stauffer, real estate men forming a partnership, sought payment of \$118.75 by Mrs. and Mrs. F. B. Hahn, alleged to be due them as a commission. The Hahns refused to pay, maintaining that the plaintiffs raised the amount of commission specified to the figure demanded, by altering the document after it was signed.

The Hahns recently went to the real estate men and told them they wanted to exchange the home of Mrs. Hahn's father, valued at \$750, for city lots, valued at the same amount. They were Judge John F. Elson of Tehama county, and Judge K. S. Mahon of Santa Clara county. They will arrive on the first of June and will immediately relieve the congestion which will arise during the vacation period.

NO SULPHUR  
THE GRAY HAIR VANISH

ken

There is no better remedy for hair  
scalp troubles, especially premature  
grayness, than the Gray Hair Vanish  
preparation. The Weyl Chemical Com-  
pany of New York put out an ideal re-  
sult of this kind, called Weyl's Sulphur  
and Sulphur Hair Remedy, and authen-  
tically proved it to be the best. Just  
use this remedy to well it under guaran-  
tee that the money will be refunded if  
it fails to do exactly as represented.  
This preparation is offered to the  
public at fifty cents a bottle, and is  
recommended and sold by all druggists  
and chemists. Special Agent, Sun Drug Co., 222

OPTION  
ON THE PINAL.

Go to Syndicate for  
Two Million Dollars.

News of Interest  
From Oil Fields.

Gillette and associates have  
an option on the Pinal  
property, the Santa Maria  
and negotiations are under  
way for the sale of the holdings to  
the syndicate for \$2,000,000.  
The Pinal is one of the best known  
oil properties in the Coast

Long ago Gillette and his New  
York and Boston associates, who  
own the option on the Pinal  
property in the Fullerton field, sold  
the property to an eastern syndicate  
for \$2,000,000. The syndicate then  
sold the Pinal and in that deal  
with him in the option on the  
property. The money for the  
Pinal has been paid in full and it is under-  
stood that the syndicate is under-  
taking the negotiations for the  
sale of the company holdings to a  
new syndicate. The Pinal estate  
was sold about one year ago for a big  
sum and this was allowed to lapse  
because of the sagging of the indus-  
try at that time.

The main property of the Pinal  
consists of a 900-acre  
tract in the Santa Maria field, on  
which there are six oil wells. The  
tract is owned by the Pinal estate  
and the company also owns  
the Santa Maria and thirty-six  
other acres on the strata of  
the main property with 700 feet of deep wa-  
ter, with two or three good  
wells.

The Pinal Oil Company began oper-  
ating in the Santa Maria field in  
1908. In its brief career has paid  
dividends to its stockholders  
amounting to \$1,000,000. This was  
a result of a lease of oil at 50 cents a  
barrel. It is understood that Gil-  
lette and his associates have con-  
tracted with the Pinal estate to  
sell the property to the syndicate  
at an advanced price of 70 cents a  
barrel. This is one of the extra in-  
centives offered the syndicate that  
is negotiating for the purchase  
of the property.

The Pinal is one of the reliable  
properties of the State, and has been  
sold before by prospective pur-  
chasers.

WHITE HILLS GOOD FIELD.  
NEW WELL BROUGHT IN.

Good Consequence of the Times  
MAY 25.—One of the  
wells recently brought in on the  
White Hills field is well No. 2 on  
a property which spouted  
oil at the rate of 100 barrels  
per day. This well was  
tapped. This well is  
under control and is flowing over  
the top of all oil, yielding 32  
barrels per day, through a quarter-inch  
well and under 500-pound pressure.

It is the 1000-acre tract owned  
by the Murphy Company in this field,  
which is not far from the site of its  
No. 1, which is now drilling and  
is expected to yield 1000 barrels  
per day. It was drilled about three  
miles but had to be cemented and  
then three times as the gas pres-  
sure was so strong that it collapsed  
the casing. The company  
producing wells in this ter-  
ritory but the oil in No. 2 is of  
a higher gravity than the output  
of the other three wells.

Well No. 1 was brought in a few  
days ago and was a gusher. It was  
tapped by A. Schaeffer, who is now  
acting superintendent for the  
company, as a test well. No pre-  
vious had been made for caring  
the output from No. 1 and dirt  
was had to be built to hold the  
well. This well has since proved very  
valuable as it handled up con-  
siderable quantities of oil and at present is not pro-  
ducing.

The latest machinery is now being  
brought to the Murphy Company in op-  
eration in this territory. Two steel  
tanks of 5000 barrels capacity,  
one of 2000 barrels, have been  
brought in. These have cone shaped bot-  
toms and a drain in the center  
which will allow dirt and  
sand to settle to the bottom, is  
being used. Besides these, the com-  
pany has two other steel tanks of  
1000 barrels capacity each, one  
of 1000 barrels and reser-  
voir with a capacity of nearly 4000  
barrels.

The oil is piped from the Coyote  
to the shipping station at Los  
Angeles a distance of six miles through  
a steel line. This is also  
the Murphy Company in the  
area field. The Murphy property  
at Coyote field was located by  
P. J. Murphy, a member of the Mur-  
phy family, who is one of the best  
oil operators and a well-  
known prospector of this State. The  
company has a model little village  
at Coyote Hill property where  
it has been looked after. A  
boarding-house, a barracks for  
the men, and a separate one for  
the women, a bath-house,  
recreational tub and shower baths,  
tennis courts and croquet  
ground are there. There are also  
rooms for the men with families, a  
frame, machine shops and stab-

lish model village the streets  
and grounds are all marked and  
are so well lighted that the  
men can be played at night and the  
men have unequal op-  
portunity with the men, who work  
there. The Murphy Company is a  
close corporation and all its operations are  
under the direct supervision of J. T. P.  
Murphy, the secretary.

LIGHT OIL FIELD.  
MODELO ANTICLINE.

Modelo anticline, in the north-  
western portion of Los Angeles coun-  
ty, in Ventura county, is at pre-  
sent producing a good proportion of  
light oil production. Just  
the amount is cannot be learned  
because the principal operators there,  
the Union Oil companies,  
are not out this particular in-  
terest. The whole length of the anticline  
is considered by the geolog-  
ical bearing, and it is rather  
that it has not been since

We Begin Today

The selling of over 1500 new \$7.50 to \$25.00 Dresses at

\$5

(12 to 20-year sizes on sale today—smaller sizes tomorrow)

Note that we say NEW dresses. Not a season-old garment in the entire collection.

The assortment comprises the sample lines from New York's two biggest manufacturers of misses' and children's dresses.

With few exceptions there is only one of a kind, so there is the greatest variety you ever saw in one store in your life.

Every one absolutely correct in cut.

Faultless in make-up too, of course, else they wouldn't have been used for samples.

Mostly lace and embroidery trimmed Marquisettes, Mulls, Gingham and Swisses, and hand-embroidered Linens and Lawns. Plenty of French Challies, too.

12 to 20-year sizes—many of them ideal for small or slight women—on sale today.

The smaller sizes are not to be sold until Saturday.

Some of each size now on display in Broadway windows.

No fittings or alterations on day of sale—bring them in later.

(Hill Street End of Second Floor) (Use Rear Elevators)

Boys' \$8.50 to \$10 Suits \$5.45

Russian Blouse and sailor suits of exceptionally fine all-wool fabrics in grays, browns, tans and checks—2 1/2 to 7-year sizes—now \$5.45; early-season prices \$8.50 to \$10.

\$8.50 to \$10 REEFERS \$8.85—Boys' reefers of light-weight, all-wool materials in shepherd checks, rich reds, brown stripes, tan mixtures, etc.—just what will be needed every night at the beach—now \$8.85 each. All sizes.

\$8.50 to \$10.50 SUITS \$8.45—Sturdy, serviceable woollens, and some of them with two pairs of Knickerbockers; nearly all in large sizes; 15 and 16 years. A few in 8-year size.

\$1.00 AND \$1.25 BLOUSES 55c—Boys' washable blouses in sizes 4 to 16 years; some with collars and some without.

\$1.25 AND \$1.50 PAJAMAS 75c—Summer weight pajamas in 10 to 15-year sizes, at 75c a suit. And a few odd sizes in \$1 and \$1.25 pajamas at 50c a suit.

A Talk With the Veiling Buyer

YOU want to know the latest in veiling? she asked. "I'm afraid I can't give you any one veiling as the criterion for the season's wear. There are so many pretty designs this year that it would be difficult for a woman NOT to find a mesh suitable to her individual tastes."

Among the many styles are the octagon weaves, hexagonal effects, Russian meshes, geometrical designs, chenille, and woven and dotted effects—surely the most particular can make a satisfactory selection from such a vast assortment and the prices run all the way from 25c to \$2.00 the yard.

At \$1.00 per yard, I have a "Shed-water Chiffon veiling" that is just the thing for motor and traveling. It comes in white, black, coral, Empire green, King's blue, and all the varying shades.

Then there's the "Mallinette"—a moisture-proof maline—in white, black and all the new shades, at only 25c the yard.

And don't forget my parasols, she urged.

The assortment of parasols on display here presents a bewildering array of beauty, puzzling in the uniform excellence and style of all. But you'll find one here to suit you.

#### CLIMBING THE LADDER.

At the close of the canvass yesterday the subscriptions to the Y.M.C.A. fund were as follows:

Previously reported	\$104,000
E. T. Earl	25,000
J. E. Carr	2,000
A. B. Benton	1,500
D. K. Edwards	1,000
Sarah K. Slauson	1,000
Mr. and Mrs. D. E. Luther	1,000
C. A. Parmelee	500
G. W. Haight	500
E. J. Stanton	500
H. Raphael	500
A. M. Dunn	500
Sums less than \$500	2,350
<b>Total</b>	<b>\$141,480</b>

The luncheon at the Y.M.C.A. campaign headquarters, No. 431 South Spring street, was much more largely attended yesterday noon than on any preceding day, and the enthusiasm was at fever heat. As each large subscription was announced, there was a wild yell from the assembled members of the teams.

One of the considerable factors in the association, is the Boy's Department, and that they are not to be counted out, was made evident yesterday. A number of them were present at the luncheon and at the conclusion of his speech, Murray Smith, their representative, who is about 11 years old, received an ovation. He spoke as follows:

"We boys have turned in thirty-two silver dollars, and more than \$200 has been promised. Sixty-four boys have been here to get blanks, and they are all working. There is lots of interest and enthusiasm and we are going to stand back of you men to the finish."

The young orator got a great send-off at the hands of the several hundred men present. The Boy's Department, under H. D. Cross, director, has pledged itself to raise \$5000, and a number of boys will make subscriptions, the terms being so easy that they can make the payments from very modest earnings.

All the ministers of the city have been requested to make reference to the campaign in their sermons on Sunday. The following gentlemen have been substituted for the former captains of the three general committees: Citizens Committee, J. G. Warren; Business Men's Committee, C. L. Hubbard; Members' Committee, Harry Philip.

State Secretary Wilcox, who is taking an active interest in the campaign, made a talk to the committee on Wednesday, that caused the blood to jump a little better through the veins yesterday, and the attendance at the noon lunch was much larger than on previous days. He told them they must do things, and do them quick, or there'd be a shortage of subscriptions when the end of the campaign draws nigh.

Another outsider who has come upon the ground to watch the progress of the canvass, and to take a hand as well, is E. M. Mitchell, a director of the Lincoln, Neb., association.

Further an unusual thing occurred yesterday, during a visit to the city by L. J. Wilde of San Diego. Wilde is a banker of his home city, and acquired the Y.M.C.A. spirit during a recent campaign, in which he raised \$155,000 for the erection of a new building, so when he happened here yesterday on a business trip, he looked about among his friends and handed to the committee two pledges, one for \$50 and one for \$100.

Arrangements for the ball game on Monday, between the Elks and the Cornhouse officials, are being pushed along, with a view of giving a good game and affording a lot of fun for the crowd.

#### Born of Hope.

### FEMININE CLUB WILL BE A POWER.

#### ORGANIZATION IS PATTERNED AFTER MEN'S ASSOCIATION.

Within Thirty Minutes After Fall of Gavel a Constitution and By-laws Were Adopted and a Complete Set of Officers Selected—Will Meet Every Monday.

A new page in the history of clubdom was written yesterday afternoon in the library of the Hotel Alexandria when more than 100 representative club women of Los Angeles met and organized the Woman's City Club, adopting the constitution and by-laws of the Men's City Club, and with zeal for the betterment of civic conditions.

The meetings were called to order by Mrs. John L. Brewer of the Federation of College Women's Clubs, and Mrs. George Barry was made chairman, pro tem. The meeting had been called to order at 2:30 o'clock, and at 4 o'clock the organization of the club was practically complete. By viva voce vote Mrs. A. S. Robinson was elected president; Mrs. O. P. Clark, first vice-president; Mrs. George Barry, second vice-president, and Mrs. M. N. F. Bridgman secretary-treasurer.

The election of a board of governors was held by ballot, those elected to serve on the board being Mrs. J. N. Brewer, Mrs. Shelley Tolhurst and Mrs. R. L. Craig.

The Woman's City Club will meet every Monday at noon and will en-

joy a light lunch followed by music, and speeches on various subjects pertaining to the welfare of Los Angeles. The day of meeting probably will be changed from Monday to Saturday in order that the teachers of the public schools may have an opportunity to attend. Each member will be entitled to bring a guest to every meeting.

Among the women most prominent in the propagation of the idea and the organization of the new club are Mrs. J. L. Brewer, Mrs. George Barry, Mrs. D. C. McLean, Miss Mary Putnam and Miss Bess Munn. Mrs. George Barry, on being elected temporary chairman, gave a brief outline of the purposes of the club, saying that the ideals for which this body of women should stand should be identical with those endorsed by the Men's City Club. Letters of commendation from prominent citizens were read and the reading of the constitution of the men's club resulted in its adoption verbatim, by unanimous vote. The club will stand for social, political and economic betterment and the present intention of the members is that the club shall one day become a part of the men's club, making of the Men's City Club and the Women's City Club one great Citizens' Club that shall be pre-judged in no way concerning sex except in the matter of the men or women who prove themselves of true worth to the city in which they live.

### DEATH REACHED BY BABY HANDS.

TOT LEANS OVER STOVE; DRESS CATCHES FLAMES.

Left alone for a moment, Little One Falls to Awful End—Record Broken in Made to Save Her but Life Leaves Pitifully Charred Body Before Help Comes.

Left alone near a lighted gasoline stove while her mother went to a nearby home to use a telephone yesterday morning, Mary Statum, 2-year-old daughter of Mr. and Mrs. William Statum, No. 718 Aragon street, playfully placed her hand in the fire and an instant later her clothes were in flames. The mother heard her screams and returned quickly, but too late. The child lived but a few minutes. The baby was seated in a high chair beside the stove when the mother left. When her clothes ignited, she jumped from her seat and was found writhing on the floor. The mother frantically beat the flames with her apron, calling at the top of her voice for assistance while doing so. She succeeded in extinguishing the blaze, and then kneeling beside the little prostrate form, strove frantically to revive it.

The police ambulance was called from the Central Police Station. It flew over the four miles from the Statum home to the hospital, and on equalled by an automobile in the city streets. The child was placed in a stretcher and the car was then driven back at top speed to the Receiving Hospital. In spite of everything the child was dead when carried to the hospital.

The mother had fainted and was attended by one of the neighbors, while another went to the hospital with the child.

William Statum is an employee of the Los Angeles Railway and upon being notified of the death of his child was relieved from duty and hurried to the hospital. The little body was so badly burned he was unable to recognize it.

#### FAMILY JARS AINED IN COURT.

Portland Man, Woman Say, Starts Trouble When He Came to Live With Family.

Family jars culminating in a series of law suits with a charge of insanity against a husband by his wife, leading to an examination before Judge Bordwell, were aired yesterday in Justice Forbes' court, when Don Turner sought to recover \$299 damages from his sister, Maude, and her husband, George Schinze. He lost the suit.

The trouble began a year ago when Turner came from Portland to live with the Schinzes. Mrs. Schinze testified yesterday that he at once began to make trouble between her and her husband. This culminated in the sudden departure of Schinze from home, after Turner had induced his sister, she said, to have Schinze incarcerated for insanity. He was discharged by Judge Bordwell, after being adjudged sane.

Turner testified that shortly after Schinze's departure, his sister had sold him the household furniture for \$50, giving him a bill of sale attested before a notary. Brother and sister then moved from No. 240 Sichel street to a home on Grand avenue.

Here Schinze found them, upon returning to the city. He instituted a suit of claim and delivery in Justice Forbes' court, alleging that the furniture was community property in which he had an interest.

#### WATSON CONTINUED.

The case of John W. Watson, charged on several counts with obtaining money under false pretenses and luring title to valuable land, was yesterday continued until July 6 by Justice Fummarfield. This was granted upon request of Watson's attorneys, Davis & Rush, who are busy on the Thompson case in the United States District Court.

# For Five Days More

Applications for the New Encyclopaedia Britannica will be accepted for registration at "advance-of-publication" prices. The present occasion affords an opportunity to those who do not delay to effect a saving in the cost of \$10 a set or more.

May 31st is the last day on which it will be possible to register a subscription for the new (11th) edition of the Encyclopaedia Britannica at the rate of \$4.00 a volume for the ordinary paper impression and \$4.25 a volume for the India paper impression.

Orders bearing this or a prior date—as determined by the postmark—will be included in the current lists and the senders privileged to rank as "previous-to-publication" subscribers.

Each subscriber will be protected by the assignment to him of a serial number which establishes his priority on the waiting files and secures him preferential treatment in the matter of delivery over every other order subsequently received.

Readers who are desirous of obtaining the new Britannica at the lowest possible price and of having it delivered at the earliest possible moment are therefore urged to make application, or, if they have not already done so, to write for prospectus at once.

The original aim of the present concession was to induce subscribers to order quickly and thus afford the publishers the information necessary to standardize the production of the work in alternate formats.

The reader is still permitted to profit by this concession, although its object has been attained, because, if he makes prompt application, his order will be executed as part of an unbroken series of manufacturing operations.

## THE IMMEDIATE PROBLEM OF THE PUBLISHERS OF THE ENCYCLOPAEDIA BRITANNICA

is to accurately determine the invisible demand which will materialize in actual registrations by the 31st inst. It is only reasonable to expect that many people who have decided to acquire the book some time, but have not as yet carried their purpose into effect, will wish to profit by the present remarkably low prices. It is important, however, that such intending subscribers should realize that although the present offer has been open ever since last November, it will only remain in force a few days longer. The first distribution has been so successful that for the present no more copies will be printed and bound other than those for which applications shall be received up to the day on which the lists are closed. All data for the revision and adjustment of existing manufacturing contracts must therefore be to hand by the 31st. Orders received after that date will be filed away to be filled, after the first distribution is complete, at prices which will be at least \$10 higher than those now in force.

### Special Features of the 11th Edition

- I. The new edition is being published by the Press of the University of Cambridge, England.
- II. It comprises some 40,000 articles, 41,000 words, more than 7000 illustrations, 450 full page plates, and over 500 maps.
- III. Though a lineal descendant of ten editions of the Encyclopaedia Britannica, the new work is in no sense a revision of the obsolete text of its predecessor. It has been completely recast and re-written and is an absolutely fresh, authoritative and up-to-date survey and exposition of the whole field of human knowledge.
- IV. The plan of the Encyclopaedia has been thoroughly reorganized with a view of combining comprehensiveness with brevity, exhaustive treatment of major subjects with the greatest facility of reference in the case of minor subjects.

- V. Something like 15,000 new headings have been added.
- VI. The articles have been written by 1500 contributors—scholars of the highest distinction, and experts and practical men and women whose authority in their special subjects is unimpeachable.
- VII. A large and distinguished staff of editors (constituting with the 1500 contributors a virtual College of Research) has been at work for eight years on the production of the new edition; and the organization and editorial control have all along been so perfect that an unprecedented congruity and co-ordination have been attained.
- VIII. Each article is right up to date and all the latest discoveries and results of research have been incorporated.
- IX. The whole work has been written simultaneously and is being published practically at one time, not volume by volume as heretofore.

X. To an extent never before realized the work is cosmopolitan—universal. Each article is the work of a first hand authority, irrespective of whether he happened to live in Great Britain or the United States or France, or Germany or Japan or any other civilized country. On the list of contributors are to be found the names of 123 members of the staff of 39 American Colleges and Universities (besides many names of American practical experts).

XI. The problem of bulk has been happily solved by the issue of an edition on India paper with flexible bindings. In this format the volumes, though containing from 950 to 1054 pages each, are only 1 inch thick. There is also an impression on ordinary book paper.

## DEFERRED DELIVERY

Subscribers who for one reason or another may prefer to take delivery of their books next fall or at the end of the year may do so, and their payments need not begin until delivery has been made. It is advisable, however, in their case, that their applications shall be registered during the present month; that is, before the closing of the period for making application at the lowest prices.

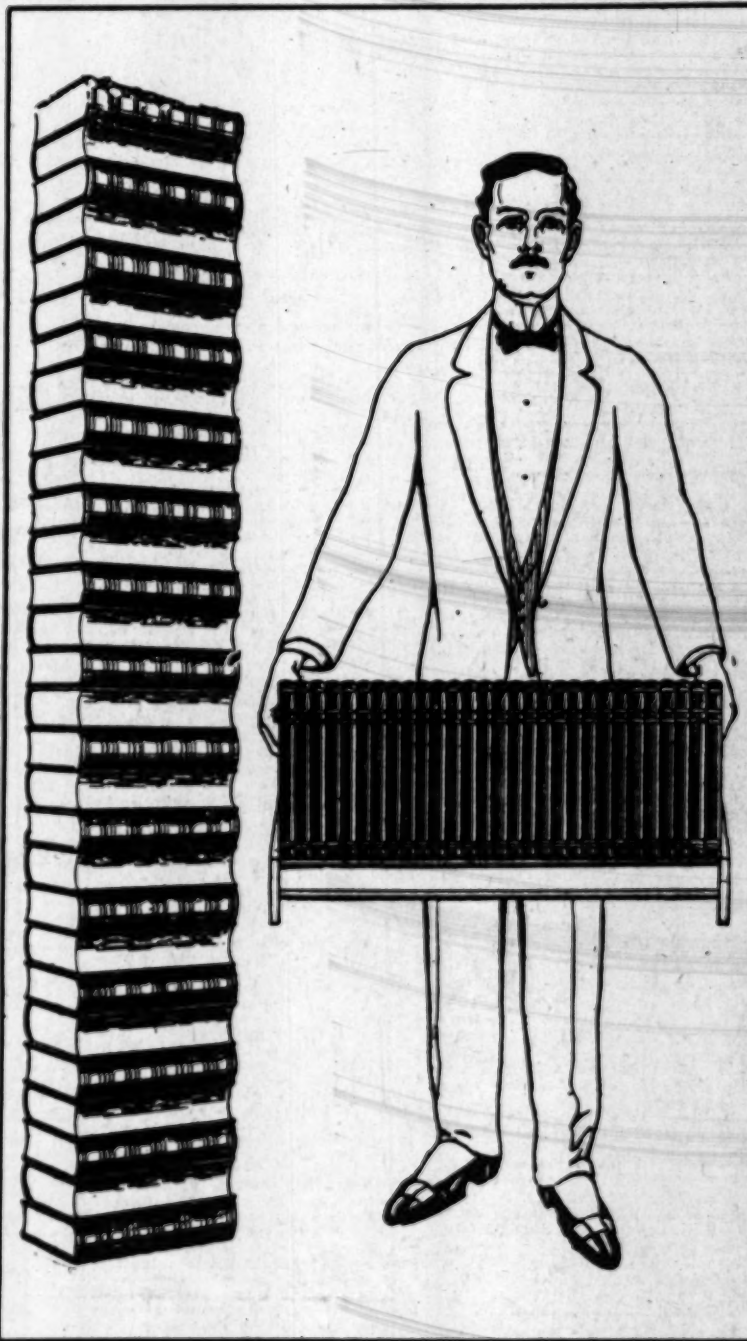

### New India Paper Format

As further extending its usefulness as an instrument of popular culture, the editors of the 11th Edition consider that the innovation of India paper logically completes on the material side a refining process by which an aggregate of knowledge estimated to be twice as great as that contained in the 9th Edition has been brought within the covers of 29 volumes, each but one inch thick.

Albert Pike, as he appeared in his later years, wearing Masonic regalia.

their principal chief, at first refused to enlist.

Chief Ross, who was an intellectual man, issued a proclamation May 27, 1861, urging his people to remain neutral in the war between the States.

He would not only keep from their forces the desertion of war but also stay the hands of the brotherhood of the States.

The chief received strong moral support and active material assistance in his resistance from his wife, who was both young and intelligent.

Ross was unable to guide his people, however, and the tide of their sympathy in time turned toward the Confederacy. The Confederate discomfiture in the war that have been in view in the heart of the South.

## THE OIL INDUSTRY.

(Continued from Third Page)

been developed. The Modelo wells, on the extreme northwestern end of it, are among the oldest in the State and have shown no diminution in production since as far back as 1897. Several new oil companies are now operating in this district, and among them the Ramona Home is now close to the pay sands. At about 1600 feet it is getting a good showing of oil and very heavy gas pressure. It has had one blow out which threw the tools out of the hole, and the prospects are that the well will be brought in within a few days. Close to the holding of this company the Ventura Unit has 160 acres which it is preparing to develop. There are several outcroppings on it that are saturated with high gravity oil, and it is estimated that the pay sands will be struck at about 1150 feet.

**HONOLULU IS SEED.**  
PROPERTY IN DISPUTE.  
[Special Correspondence of The Times.]  
BAKERSFIELD, May 25.—The Buena Vista Land and Development Company brought suit today to restrain the Honolulu Oil Company from continuing its development operations on section 13, 22-24, Buena Vista Hill, on which section the Honolulu about a month ago brought in a well at 3600 feet. The plaintiff claims that in 1907 J. E. White bought the section in question as school land for \$500, and subsequently the plaintiff became its owner by purchase. At that time the land was considered agricultural grazing land.

In the spring of 1910 the Honolulu is alleged to have jumped the land. In 1909 contests were filed at the Valisala Land Office and no decision has been rendered on the northwest, southeast and southwest quarters of the section. The contest on the northeast quarter was dismissed by the General Land Office. The plaintiff asks for an injunction to

restrain the defendant from drilling or disposing of the land pending the outcome of the suit.

**Property to Be Inspected.**  
Officials of the Midway View Oil Company, headed by Secretary Chas. H. Treat, will run an excursion to Maricopa Saturday evening, for the benefit of stockholders in the company and their friends. The Midway View has some good producing wells, and the object of the trip is to show the property of the stockholders.

**Goldfield Con. Dividend.**  
GOLDFIELD, May 25.—The directors of the Goldfield Consolidated Mines Company, at a meeting held today, declared a quarterly dividend of 20 cents per share, with 20 cents extra, payable July 31, and amounting to \$1,775,574. This will bring the total dividends paid to date up to \$16,366,609.

**Pipe Line Right of Way.**  
T. O. Turner, superintendent of the Guaranty Pipe Line Company, will leave Monday with his engineers for a final survey of the line over the mountains. It is likely to be changed at one or two points, especially at a peak on the summit. A Mexican packer and a forest ranger will accompany the party. The trip is a strenuous one, and has to be made in conjunction with the pipe line and for that reason the road company will share the expense of construction. They are now awaiting the company's report on the probable cost of the enterprise.

**News Notes and Personal.**  
S. A. Gulbreton, Jr., one of the biggest oil operators in the Coalinga district, is staying at the Van Nuys for a few weeks. Gulbreton recently sold several properties in the Coalinga field to a syndicate, but still owns large interests. He is a member of the Executive Committee of the Independent Agency.

the department of the Standard Oil Company of California, with headquarters at San Francisco, is a guest of the Alexandria for a few days. Timothy Spellacy, owner of the Mascot property in the Coalinga field, and the Premier in the Coalinga field, has been in the northern part of the State for the past few days. He attended the last weekly luncheon of the Coalinga Chamber of Commerce, and addressed the members on the plans for the new storage company to handle independent oil.

**BURK MUST DIE.**  
Supreme Court of California Sustains Lower Court in Sentence for San Diego Murderer.

A decision was received from the Supreme Court affirming the death sentence in the case of William Burk, on appeal from the Superior Court of San Diego county. Sentence was imposed on Burk September 1, 1908. One of the curious features of the case was that after his conviction, Burk made no effort to perfect his appeal, except the filing of such a motion. He had no attorney to represent him in the Supreme Court, and besides the transcript of the evidence man being, the matter was carefully considered with the data on hand. No prejudicial error was found in this case, and according to the judgment of the court below, Burk will hang.

In cases where no preparation has been made the Supreme Court is in the habit of dismissing such actions with but scant attention, but in this instance involving the life of a human being, the matter was carefully considered with the data on hand. No prejudicial error was found in this case, and according to the judgment of the court below, Burk will hang.

**BLACKFACE SHOW AT WALKER'S.**

Theater Filled With Members of Young Men's Institute and Their Appreciative Friends.  
Los Angeles Council, Y.M.I., succeeded in filling Walker's Theater yesterday evening with friends, who attended the second annual minstrel show of the organization. The expense of well-known musical numbers and several excellent musical numbers filled out a good programme. Several of the successes of the Los Angeles Council were alluded to in the course of the evening, among them the extended club quarters of the society in the Luckenbach Building, and also the amalgamation of four of the councils, which gives the united council a membership of more than 300. At the conclusion of the minstrel show all of those who desired the pleasure, danced in an adjacent hall.

**WANTS MORE POSTOFFICE.**

Present Facilities at Long Beach Are Inadequate and New Building May Be Erected for It.  
The thriving city of Long Beach is either to have additional quarters for the postoffice now located at Second street and American avenue, or will occupy a new building to be located at the corner of Fifth and Pine streets, according to the report sent to Washington yesterday by Special Postoffice Inspector R. C. Knox. It has been shown that the quarters now occupied by the office on American avenue are entirely inadequate to the needs of the service, and both propositions have been submitted to the Postoffice Department. In any event, Long Beach will have a large and more commodious postoffice.

The population of the beach city, according to the Federal census of 1910, shows an increase of 690 per cent, and the receipts have now mounted up to approximately \$52,000 a year.

Must Have Millions and a Family Tree.

## BLUEST OF BLOOD FLOWS IN VALLEY COUNTRY CLUB; COST UNLIMITED, MEMBERSHIPS ULTRA-EXCLUSIVE.

BY ALMA WHITTAKER.

SOUTHERN CALIFORNIA'S ONE HUNDRED AND NINETEEN "FOUR HUNDRED."

One hundred and nineteen men of Southern California measure up to the standard set for membership in "The Valley Country Club," an organization composed of the bluest blood in the land del Sur.

Millions and family trees play important parts in the make-up of the new club, and good behavior in home, business and society is absolutely necessary.

First plans provided for 200 memberships, but so thoroughly was the fine-toothed comb used that the organizers to date have secured but a little more than half that number. In future applications for membership one black ball will serve to exclude.

The finest country club organization in the West, and the most difficult one in which to gain admission has just been organized in Pasadena to include memberships of the few highly desirable in Southern California.

Membership to the club will be rigidly exclusive, the following list of the charter members being chiefly remarkable for its colossal omnia. Voting for membership will be restricted to 1000 shareholders, and even then one black ball will exclude.

The list of members may subsequently be extended to 300, but for present the following list is complete, and every new applicant will have to submit to the most exhaustive scrutiny. Even as late as last evening fourteen names were reluctantly removed from the list.

Dissatisfaction with the wide latitude exercised in admitting members to the existing club, made the present organization desirable, the Annandale Club, which, at present possesses the finest local golf links, is likely to go out of existence at the end of next year.

The new club is to be ranked with the half dozen or so of the very best in the land and its members probably will be worth a billion dollars.

To be a member requires the highest of standing socially and in business, and not one of the members is to be in a position to bear a breath of unpleasantness.

The organization is expected to fill a secular war, and a class of persons and will be distinctive in itself.

Two hundred and twelve acres of land between Alhambra and Ramona, have been purchased for a site, and a landscape paradise is to be built. Plans for a magnificent clubhouse are being arranged. Fifty acres have been set aside for a great polo field and modern stables are to be constructed of costly design and construction.

J. S. Craven has advanced the money for the purchase of land and defraying of incidental expenses. Voting memberships are restricted to 1000 shareholders. No money or pains are to be spared to make the plant worthy of the best in the West.

"The Valley Country Club" is the name at last decided upon for the new country club. J. S. Craven, the well-known multi-millionaire of Pasadena and Los Angeles, completed the purchase of the land yesterday, money for which had been in escrow with the Title Insurance and Trust Company.

Mr. Craven has put up the whole of the purchase money, and will lease the land to the club for ten years at a purely nominal rent, also giving it a three year option of purchase at the original price at a very low rate of interest.

The club grounds consist of 113 acres situated between Alhambra and Ramona, and embracing a scene of great beauty. There are countless undulating hills on the property, and beautiful lake reposes at the foot of the knoll upon which it is proposed to erect a superb clubhouse, the cost of which is to be unlimited.

There will be a polo field of fifty acres and modern stables for the ponies, of exquisite architecture. The golf links are to be the finest known, to which and experts have been studying all the most famous courses in Europe. Abundant irrigating facilities make this easily possible. Work is already well advanced on the grounds, and the erection of the clubhouse will be started shortly. Four members of the committee, Messrs. E. H. Groenendyke, L. R. Macy, Freeman Ford and Tom Ford, Jr., were out on the grounds all yesterday morning.

Present indications are that the club grounds will be ready for occupation in about eighteen months' time.

How some of the Senators look from the grand stand.

## TOMMY MURPHY LASTS JUST FORTY SECONDS.

[ASSOCIATED PRESS NIGHT REPORT]

NEW YORK, May 25.—"Knock-out" Brown, the little Eastside lightweight, stopped Tommy Murphy of Brooklyn tonight in forty seconds of the first round of a bout scheduled to go ten rounds before the Madison Athletic Club.

There was no preliminary sparring. "Knock-out" carried the fight to Murphy, presently catching him a wicked right in the stomach that brought him down almost to his knees. Quick as a flash he ripped in a wicked left uppercut fairly on Murphy's chin and down he went with a crash.

Murphy quickly arose, not waiting for the referee's count. Brown was at once upon him again, and with a terrific right to the head and another left uppercut he again felled the Brooklyn man.

There was no need to count; Murphy was out and Brown a moment later was on his way to his dressing-room.

San Pedro High and Long Beach High sent in their entries yesterday for the interscholastic swimming tourney that is to be held at Redondo tomorrow night. Thirty boys will compete for the trophies and championship honors in the various events. Los Angeles High and Redondo made their entries of full teams early this week. The names that were received yesterday follow:

The fifty-yard dash: J. Pinheiro, F. Dico, E. Hipple, Walter, M. Murraldo, San Pedro; Matt Matton, Aliger, Long Beach.

The 100-yard dash: M. Yurraldo, C. Reichwig, E. Hipple, J. Yurco, San Pedro; Aliger, Long Beach.

The 220-yard dash: E. Gratto, E. Koperie, R. Hammon, F. La Cruz, San Pedro; Harvey, Lenz, Austin, Burke, Long Beach.

The 440-yard dash: P. Cummings, M. Woodley, San Pedro; Lenz, Harvey, Austin, Burke, Long Beach.

## WE KNOW THEM BY THEIR FORM.

FACES ARE OFTEN NEGLECTED IN OUR SIZE-UP.

Ball Players, as Chorus Girls, Are Known by Their Shape—World Loves an Irishman and He Is Popular in the Game—Where the Senators Shine.

BY E. W. GALE.

By one of the cruelest decrees of fate our greatest popular heroes, the ball players, as the chorus girls, are known by their legs, or their walk, or the hang of their arms and in the excitement their faces are overlooked entirely. We give them the elbow on the street in their store clothes when if we knew who they were we'd get off in the gutter and give them the sidewalk.

A great popular educational campaign ought to be started to familiarize the fans with the countenances of our ball players, but I don't want the job—they look too much alike.

Take the Senators aggregation for example. They look like a picked team at a Siberian picnic with the exception of a hibernian "em."

I imagine that is why the team is so popular. I'm not sure that the world loves a jover, but it certainly loves an Irishman.

The average Senatorial visage resembles a relief map of Killarney Valley with the lake in the middle. The team isn't all Irish, but it might just as well be. They wear green socks and caps and have plucky little Patsy O'Rourke for their captain.

## OCEAN LINERS AND SCOWS ELIGIBLE FOR BIG RACE.

THE free-for-all boat race from San Pedro breakwater to Catalina and return, open to every craft that floats, with no restriction as to size, power, or means of propulsion, that is to be conducted by the South Coast Yacht Club, June 11, is causing yachtsmen and motor boat enthusiasts to sit up and take notice. Frank Garbutt is the originator of the bright idea to do away with handicaps and put every contestant on a basis equal with the other competitors and it is expected that all manner of craft will compete in the race. Cruisers and rowboats will be eligible. The boat that finishes first will get the trophy.

Garbutt is preparing designs for a handsome silver trophy to be donated by him which will be as unique as the race itself. It will consist of a large silver relief map of the coast, showing Catalina Island with the mountains, valleys and harbors standing out in exact proportion to the islands as they occupy in nature. San Pedro breakwater, the starting and finishing point, will be delineated in its proper place. Point Firmin with the lighthouse will appear, and the surface of the sea over which the race is to be sailed will be correctly portrayed, with the proper courses and distances, all in solid silver.

One of the most interesting features of the trophy will be a provision for the engraving thereon of a complete history of all of the races with a list of starters and names and times of the winners. The race will be a perpetual challenge affair.

The South Coast Yacht Club, of which Mr. Garbutt is a member, has consented to manage the event in accordance with the deed of gift being prepared, which will be so broad as to allow anyone to compete. The race will be in fact what it is in name, a free-for-all. The conditions will be simple and at the same time so complete as to leave no chance for dispute. Every boat entering will start on even terms and the first boat to finish wins, irrespective of size or power. There will be no handicaps or time allowances, and the winner will be the undoubted champion of the entire Coast, without respect to class, something which cannot be said of any of the restricted races.

By fostering an event so broad in

## GREINER WILL PILOT HOODOO.

Does Not Fear Car That Put Horan in Hospital.

Elimination Trials Will Be Run Off Today.

Burman Slated to Go After Records Monday.

BY DIRECT WIRE TO THE TIMES. INDIANAPOLIS, May 24.—(Exclusive Dispatch.) This was "tuning-up day" at the Speedway in preparation for the qualification tests which are to take place tomorrow. The qualifying cars to be accepted as entries in next Tuesday's international 500-mile race.

The newest hogs to the drivers and mechanics about the various camps today was that Arthur Greiner, who last year drove a National in the Speedway races and secured in hill-climbing victories, was to drive the Amplex car which was wrecked yesterday and resulted in the injury of Joseph Horan, driver, and Emmet Ward, mechanic.

This particular car has come to be known as "the hoodoo" by the other drivers, and it was thought no one would volunteer to try to face its bad record and make another trial. Greiner came down from Chicago last night and appeared at the race course early this morning. His fellow-speedsters greeted him warmly. Harry Eddcott ran out of his camp to greet the Chicagoan.

"Hello, Art," called Eddcott; "what are you going to drive?" "Me for the hoodoo car, the Amplex that spilled Horan yesterday," he answered.

The wrecked Amplex is now in the shop undergoing repairs and Greiner expects to have it in shape for the test tomorrow.

"I'm going to drive the Amplex to average two minutes for the course, and it will be in the money at that speed," said Greiner. "The fellows who try to drive faster than 120 minutes for that long grind won't last."

The other drivers did not seem to be willing to agree with Greiner. Most of them believing that the winner will have to go faster than an average of seventy miles an hour to beat out the other fellows.

"I'll bet," said Burman, who is to be crowned speed king of the world because of his records made on the Florida beach, will go after the world's track records at the Speedway next Monday morning at 9 o'clock and all the gate money taken in will be given to the hospital. It was part of the Speedway programme to have Burman make the trial an hour before the start of the 500-mile international race on Memorial Day.

But because of objections by manufacturers entering cars in the big event, the special Burman part of the programme was eliminated for that day.

**BURMAN SIDE-TRACKED.** The manufacturers contend that inasmuch as they had gone to great expense to put racers in the field, including the heavy expense incident to the employment of star pilots, crews, entrance fees, etc., it was not more than right that they should get the benefit of all the publicity and

not have Burman and his speed trials detract from the interest in the big race. The Speedway management had already contracted with Burman for the trials, and when the objections of the manufacturers were put up to them, they readily withdrew the Burman trial from the Memorial Day programme.

C. G. Fisher, president of the Speedway Company, said that it was not now the intention of the management to make an extra money-making attraction of the Burman trials that will draw people to the Speedway.

The work of cleaning the course and the stands will be going on Monday, and the Burman trials will be given early in the day so as not to interfere with the work.

## SAN PEDRO-CATALINA RACE.

(Continued from First Page.)

its scope, and so at variance with accepted yachting traditions the club has shown a sporting spirit that will find much commendation by the general public which takes but little interest in races that require several hours of figuring to determine the winner, who is usually announced a day or two after the race is over.

When interviewed on the subject, Mr. Garbutt was most enthusiastic. "I have long wanted," he said, "to give a cup for a race which was sufficiently comprehensive to mean something to the development of yachting in its practical sense."

"Unfortunately, a great deal of racing heretofore has been so hedged by technical conditions as to encourage the development of rule cheaters which were not practical boats in any sense of the word. Lately the tendency has been away from freakish construction toward a class of craft weather with a fair degree of comfort and safety to the crew."

"I do not say that a freak might not win the Santa Catalina free-for-all. Under ideal weather conditions this may even be true, but any engine and boat which finishes this race in good time and under average conditions of weather and sea, will have established a good and valid reason for her existence, while there will be plenty of occasions when none but the most practical of sea boats will be able to make the voyage."

"It has been urged that the race is

dangerous, and that restrictions should be placed upon the entries, but this will defeat the very object of the event by allowing boats that would not dare undertake the journey to claim that they could win were they not barred from entering."

**SMALLEST ENTRY BY DONOR.** "My own idea is that while there is always danger by land as well as by sea that any decently-constructed and handled boat can start in safety. While the outside of Catalina is no place for freaks in bad weather, I am entering the smallest boat in the race, twenty feet over all, and expect to take my son as engineer, although we are as liable to accident as any one else; that is my best answer as to my opinion of the danger."

"I do not, of course, expect to win, as there are several faster and larger boats entered, but I do want the honor of competing in the first contest in what I feel will become a classic, and my friends can rest assured that he will be the winner what it may, we will drive our little packet to the limit of our endurance, and 'may the best boat win,' which by the way, it surely will, for this is one race in which excuses will not excuse. The holder of this trophy will be the undisputed champion."

No entrant can be refused except for unsportsmanlike conduct, of which matter the South Coast Yacht Club will be the sole judge. The poor man will have the same considerations as the millionaire. A little twenty-footer will compete on the same terms as the Yale or Harvard, which are perfectly eligible.

# The Weekly Contest Begins Saturday

## Los Angeles Times Greater Contest

Noon tomorrow will start the first weekly race for a prize, in the BIG CONTEST. The man or woman receiving the greatest number of subscription points before noon, will receive \$25.00 in gold as a prize. And the woman or girl who heads her list will likewise be the recipient of the same amount. No coupon points will be counted in the special prize score, as it is intended to stimulate the collection of coupons.

### There Is No String on These Offers

You do not have to secure any specific number of points, but just get all you can, and whoever he and she may be, will be those turning in the greatest number.

Beginning June 1, a special prize will be offered both for men and women for the highest subscription score for the month of June.

Here will be your chance for some nice Fourth of July spending money. Some of you enabled to enjoy a fine holiday. Make up your mind that it shall be YOU.

The monthly prize will be a good one, and IN CASH. You will have a chance here to get a month's salary of no small proportion.

In the meantime, all that you do for the week's prize, whether you win or not, will be counted; and all that you do in either, plus the coupons, will apply on the grand prize capital prizes at the end of the contest.

Read that prize list over again. It will bear a close inspection. Everything there is represented to be, and no item is inflated in price.

Watch it from day to day and note the additions that will be made from time to time; remember that you still have plenty of time to enter your name and be in at the finish.

Contestants are ENTERING EVERY DAY, so you will start on an even basis with the best of those who enter after you.

The race has not reached the first sixteenth post yet, and a good sprinter can easily lead. All it needs is plenty of determination and conscientious effort.

**MAKE UP YOUR MIND TO WIN.** No one ever won any distinction in a half hour, no one ever achieved success except through hard work and a never-let-go spirit. The race over until it has been run, and this contest will be anybody's victory until the last point is counted.

**GO AFTER THIS WEEKLY PRIZE.** That will start you and give you an experience in the attainment of further success.
